Federal Benefits 2023 Cost-of-Living Adjustment (COLA)

Background

The Social Security Administration (SSA) adjusts Retirement, Survivors and Disability Insurance (RSDI) benefits and Supplemental Security Income (SSI) benefits to reflect the annual cost-of-living adjustment (COLA) effective January 1 of each year. The COLA adjustment also impacts Railroad Retirement (RR) benefits. The annual COLA is based on increases in the Consumer Price Index (CPI). The COLA increase for 2023 is 8.7 percent.

Policy Update

[MEPD](#)

Income Limits

The income limits for the institutional, Community Attendant Services (CAS), Home and Community-Based Services (HCBS) waiver, and Program of All-Inclusive Care for the Elderly (PACE) programs, are 300 percent of the SSI federal benefit rate and are adjusted annually. Effective January 1, 2023, the income limits are:

- Individual: \$2,742
- Couple: \$5,484

Resource Limits

The 2023 resource limits for the programs listed above will remain the same:

- Individual: \$2,000
- Couple: \$3,000

[Medicare Savings Program \(MSP\)](#)

Resource Limits

The MSP resource limits are adjusted annual based on changes in the CPI. Effective January 1, 2023, the resource limits for Qualified Medicare Beneficiaries (QMB), Specified Low-Income Medicare Beneficiaries (SLMB), and Qualifying Individuals (QI-1) are:

- Individual: \$9,090
- Couple: \$13,630

The resource limits for the Qualified Disabled and Working Individuals (QDWI) Program are twice the countable resources allowed under the SSI program and will remain the same:

- Individual: \$4,000
- Couple: \$6,000

Income Limits

The MSP income limits are adjusted annually based on the federal poverty level (FPL). There are no changes to the QMB, SLMB and QI-1 income limits until the new FPL amounts are published in early 2023.

Federal Benefit Increases

All Programs

Social Security – RSDI and SSI beneficiaries will receive an 8.7 percent COLA increase effective January 1, 2023.

Effective January 1, 2023, the maximum SSI standard payment amount is:

- Individual: \$914
- Couple: \$1,371

MEPD

Income limits based on the SSI Federal Benefit Rate for the 2023 levels are:

- Individual: \$914
- Couple: \$1,371

All Programs

The following federal benefits are not included in the TIERS Mass Update but will receive a COLA update effective January 1, 2023:

- Civil Service annuitants will receive an 8.7 percent COLA increase in benefits for 2023;
- Railroad Retirement beneficiaries will receive an 8.7 percent COLA increase in Tier I benefits and a 2.8 percent increase in Tier II benefits for 2023; and
- Veterans Administration (VA) beneficiaries will receive an 8.7 percent COLA increase for 2023

Note: Under federal law, the VA’s compensation, pension rates, VA “new law” pension, and VA Dependency and Indemnity Compensation (DIC) benefits for surviving dependents of deceased veterans will receive the same percentage increase as Social Security benefits.

Note: Institutionalized VA beneficiaries whose benefits are capped at \$90 do not receive an increase.

Medicare Part A

All Programs

The standard Medicare Part A (Hospital Insurance) premium for beneficiaries not entitled to free Medicare Part A coverage will increase to \$506 for 2023. The reduced Medicare Part A premium amount will increase to \$278 for 2023.

The annual Medicare Part A deductible for hospitalized beneficiaries will increase to \$1,600 for 2023.

Medicare Part B

All Programs

The standard Medicare Part B premium will decrease to \$164.90 for 2023. A Medicare beneficiary's Part B monthly premium is based their gross income. Staff must verify the exact amount using SOLQ.

The annual Medicare Part B deductible will decrease to \$226 in 2023.

Student Earned Income Exclusion (SEIE)

MEPD

The monthly amount of earned income that can be excluded under the SEIE will increase to \$2,220 for 2023. The yearly amount that can be excluded under the SEIE will increase to \$8,950 for 2023.

Substantial Home Equity

MEPD

The maximum home equity amount will increase to \$688,000 for 2023.

Spousal Standards

MEPD

The minimum spousal protected resource amount (SPRA) will increase to \$29,724 for 2023.

The maximum SPRA will increase to \$148,620 for 2023.

The maximum monthly maintenance needs allowance (MMMNA) for spousal cases will increase to \$3,715.50 for 2023.

Appeal Procedures

Recipients may appeal any adverse action resulting from the COLA update. Staff may continue benefits or continue benefits at the previous levels, if applicable, only if all of the following conditions are met:

- the appeal is based on incorrect computation of eligibility or benefits or the misapplication of federal policy;
- the appeal is requested timely; and
- the person does not waive the right to continued benefits.

Remind TANF and SNAP recipients that an overpayment subject to recoupment will occur if the:

- benefits are continued at the previous level; and
- the hearing officer's decision is not in the recipient's favor.

Automation

[Mass Update of TIERS Data](#)

Texas Integrated Eligibility Redesign System (TIERS) updates will run on December 4, 2022. TIERS will update the income and expenses for all recipients who have RSDI, SSI, and RR income or a Medicare premium expense, including EDGs and cases that are denied or no longer active.

The income and expense pages will reflect the updated information, including the effective begin dates, income amounts, Medicare Part B premium amount, and the new co-pay budget information. TIERS will generate exception reports for EDGs and cases that cannot be updated and will require manual action.

In addition, TIERS Mass Update will run eligibility, dispose the EDGs in the case, and send case-specific correspondence on active cases and EDGs in Ongoing case mode.

In the following situations, TIERS will update the data but will not run eligibility:

- a case not in Ongoing mode;
- a case that contains an EDG with ongoing benefits that were overridden; or
- a case that contains a denied EDG.

TIERS generates a Mass Update Exception Report for cases in which the COLA update cannot be completed because the case was not in Ongoing mode, or the case had an EDG with overridden benefits. Staff must take the appropriate action to verify and correct the recipient's income and premium amounts and run eligibility for all cases that appear on the exception report according to policy for each type of program assistance.

[Verification Sources](#)

The following verification sources are used to update the income amounts and Medicare Part B premiums:

- "Percentage Increase Used" when TIERS calculates the new RSDI, SSI, or RR amount using the percentage calculation;
- "SDX" when TIERS updates the new RSDI, SSI, or RR amount from the SDX interface file;
- "BENDEX" when RSDI income amounts are updated from the annual BENDEX file;
- "SMIB" when Medicare Part B premium amounts are updated based on the interface file; and
- "COLA Update" when the Medicare Part B premium amount is updated, and the recipient is not on the Supplemental Medical Insurance Benefits (SMIB) or BENDEX file.

A report (Excel spreadsheet) of all MEPD cases with a decrease in co-pay as a result of the COLA update will be created. Staff must take the appropriate action to verify and correct the recipient's income and premium amounts to ensure the co-payment calculation is accurate.

Reports

TIERS generates interface exception reports (for the reasons in the list that follows) for cases that were not processed in the interface update. Automation staff forward the interface exception reports to Eligibility Operations. The interface exception reports contain specific instructions on the actions required by staff. Staff must take appropriate action to verify and correct income and premium amounts for all EDGs or cases that appear on the exception reports according to policy for each type of assistance.

Interface Exception Reports are generated for the reasons below:

- TIERS or the interface file have multiple Social Security Claim Numbers (SSCNs). However, all the SSCNs do not match and the RSDI income records were not updated. Verify the RSDI amount for all SSCNs for the person and correct income amounts and SSCNs.
- The RSDI income records were not updated because the person is receiving RSDI on four or more SSCNs. Verify the RSDI amount for all SSCNs for the person and correct income amounts and SSCNs.
- The Medicare Part B premium does not equal the amount of \$164.90. Mass Update was not performed on this case. Review the case and update the premium.
- According to interface data, the Medicare Part B premium is paid by the state of Texas, however, TIERS does not reflect this information. Review the case, update data collection, and run eligibility.

- According to TIERS data, the Medicare Part B premium is paid by the State of Texas; however, the SMIB file does not reflect this information. Review the case, update data collection, and run eligibility.
- TIERS has multiple RSDI income records for a person with different SSCNs and the person also receives SSI. The records were not updated because the combined amount (RSDI and SSI) could not be determined. Verify the RSDI and SSI amount for the person.
- TIERS indicates the person is receiving RSDI and SSI; however, based on BENDEX the person's combined RSDI and SSI is over the SSI income limit. The RSDI income amount was updated with the amount from BENDEX, and the SSI amount was updated to the difference between the combined amount and the RSDI amount. Verify both the RSDI and SSI amounts for the person.
- TIERS indicates the person is receiving RSDI and SSI; however, the person's combined RSDI and SSI is over the SSI income limit. Only the SSI income amount was updated using the percentage increase. Verify both the RSDI and SSI amounts for the person and take appropriate action.

Correspondence

TIERS generates a TF0001 only if benefits are increased, decreased, or denied. The date on the TF0001, Notice of Case Action, is December 4, 2022. The COLA TF0001 contains the following messages based on the type of assistance impacted:

SNAP

English: "The amount of state benefits you get has changed. This is due to either a change in (1) the amount of money you get in federal benefits (RSDI, SSI, or Railroad Retirement), or (2) the amount you pay for Medicare Part B."

Spanish: "La cantidad de beneficios que usted recibe se ha modificado. Ello se debe a que uno de los datos siguientes ha sufrido un cambio: (1) la cantidad de dinero que usted recibe a través de beneficios federales (RSDI, SSI o pensión de ferrocarril), o (2) la cantidad que paga por Medicare Parte B."

TANF

English: "The amount of benefits you get has changed. This is due to the change in the amount of money you get in federal benefits (RSDI, SSI, or Railroad Retirement)."

Spanish: "La cantidad de beneficios que usted recibe se ha modificado. Ello se debe a que la cantidad de dinero que usted recibe a través de beneficios federales (RSDI, SSI o pensión de ferrocarril) ha sufrido un cambio."

[Medicaid \(Texas Works and MEPD\)](#)
