### 1.0 Subject and Purpose

HHSC publishes quarterly reports presenting quantitative and qualitative information regarding all tags cited at the immediate jeopardy (IJ) level in licensing and certification surveys and incident investigations performed in NFs during the reporting period. HHSC shares this information to assist providers in the identification of IJ trends and to prompt providers to review their internal operations and strengthen quality assurance measures.

### 2.0 Policy Details & Provider Responsibilities

Reports are published as the data from each quarter in a calendar year becomes available. Reports are available on the [HHS Reports and Presentations](#) website.

To find these reports on the website:

1. In the search bar, type "immediate" or "jeopardy."
2. You may then filter by year of the report if desired or filter by category "Regulatory."

### 3.0 Background/History
