

BRAIN INJURY SURVIVOR WALLET ID CARD

A person with a brain injury can carry this wallet card to help avoid misunderstandings with law enforcement, first responders and other people they might interact with. The card includes contact information, common signs and symptoms of brain injury and a request to call a designated emergency contact if needed.

Please note that this card is not an official form of identification, but rather a helpful tool for brain injury survivors. If you have further questions, you can contact us at 512-706-7191 or OABI@hhsc.state.tx.us.

Instructions

1. Cut out Wallet ID Card along solid black lines.
2. Fold card in half along dashed line.
3. Tape or glue two halves together.

Suggestions

- Print your card on card stock or laminate it for extra durability.
- Keep copies in multiple places such as your wallet, car glove compartment, purse, or backpack.

I AM A BRAIN INJURY SURVIVOR
