22. REMARKS
8. Home Health Services (continued)

(b) Durable Medical Equipment, Prosthetics, Orthotics, and Supplies (DMEPOS)

(1) If the item of DMEPOS is covered by Medicare, the Medicaid fee will be equal to or a percentage of the Medicare fee schedule specific to Texas that is available at the time of the fee review, unless there is documentation that the Medicare fee is insufficient for the items covered under the procedure code and required by the Medicaid population.

(2) For items of DMEPOS not paid at the Medicare fee, the provider will either be reimbursed a fee determined by HHSC or through manual pricing. The fee determined by HHSC will be determined from cost information from providers, manufacturers, surveys of the Medicaid fees for other states, survey information from national fee analyzers, or other relevant fee-related information.

(3) Manual pricing is reasonable when one procedure code covers a broad range of items with a broad range of costs since a single fee may not be a reasonable fee for all items covered under the procedure code, resulting in access-to-care issues. Examples include 1) procedure codes with a description of “not otherwise covered,” “unclassified,” or “other miscellaneous;” and 2) procedure codes covering customized items. If manual pricing is used, the provider is reimbursed either the documented Manufacturer’s Suggested Retail Price (MSRP) less 18 percent, or the documented Average Wholesale Price (AWP) less 10.5 percent, whichever one is applicable. If one of these is not available, the provider’s documented invoice cost is used as the basis for manual pricing. AWP pricing is used primarily for nutritional products and DMEPOS items sold in pharmacies.

(4) The Medicaid fees for oxygen equipment, oxygen, and oxygen-related supplies will not exceed the Medicare fee for the same procedure code.

(5) All fee schedules are available through the agency’s website as outlined in Attachment 4.19-B, page 1.

(6) The agency’s fee schedule was revised with new fees for durable medical equipment, prosthetics, orthotics, and supplies effective September 1, 2022, and will post on the agency’s website by September 15, 2022.
10. Vision Care Services

(a) Providers of professional vision services are reimbursed based on the lesser of the provider's billed charges or fees determined by HHSC in accordance with Item 1 of this attachment, relating to the reimbursement methodology for physicians and certain other practitioners.

(b) Providers of eyeglasses and contact lenses are reimbursed the lesser of the provider's billed charges or fees determined by HHSC, which are based on a review of Medicare fees and/or other data available to HHSC, such as relevant cost or fee surveys.

(c) All fee schedules are available through the agency’s website, as outlined on Attachment 4.19-B, page 1.

(d) The agency’s fee schedule was revised with new fees for vision care services effective September 1, 2022, and this fee schedule will be posted on the agency’s website by September 15, 2022.
