

# **How to encourage children**

**to express their emotions**

Many children find it hard to open up and express their feelings during difficult times, but you can be a resource for your child to turn to.

Here are some things you can say to your child to help encourage them to share how they're feeling...

## Ask how they're doing

“ I noticed you were quiet on the ride home. How are you doing? ”

## Show them support

“ I know keeping up with school and friends can be hard. How is that going and is there anything I can do to help? ”

## Make them feel comfortable

“ If you are ever having a bad day, know that I am here for you. ”
