

# FY20

## PROGRAM REPORT CARD

### Mental Health Grant for Justice-Involved Individuals

#### Program Overview

The Mental Health Grant for Justice-Involved Individuals program aims to effectively address the unmet physical and behavioral health needs of people to prevent initial or subsequent justice involvement and promote recovery. The program supports community collaboratives that are working on reducing recidivism rates, arrests and incarceration among people diagnosed with mental illness and the wait time for forensic commitments.

## TEXAS-SIZED ACHIEVEMENTS

6%

**Average Recidivism Rate** — The average recidivism rate of service recipients in justice-involvement diversion programming.\*

Over 5,900 **High Needs Texans Diverted to Care** — Community-based diversion programming strengthened care.

Over 5,900 **Rural Texans Accessed Care** — Access to behavioral health services increased for more than 5,900 people in rural counties.

\*Output performance metric does not include all program grantees due to limitations validating some grantee-reported data sets.
