

Foster or Adoptive Homes: Criminal History Requirements

Revised March 2023

Introduction:

In accordance with 26 Texas Administrative Code §[745.661](#) (What types of criminal convictions may affect a subject's ability to be present at an operation?), this chart notes criminal convictions that may affect a person's ability to be present in Agency Foster and Adoptive Homes, including when the foster or adoptive parents are unrelated to the child and when the foster or adoptive parents are either related to or have a longstanding relationship with the child.

The terms below have the following meaning when used in this chart:

- **Absolute Bar:** A person convicted of the crime is permanently prohibited from being present at the operation while children are in care, and the person does NOT qualify for a risk evaluation.
- **N/A:** There are two possible meanings for this term in this chart:
 - When used under a column related to a “felony” or “misdemeanor,” the term is used because the crime does not have that offense level; and
 - When used under the column titled “If this person is eligible for a risk evaluation...” the term is used because a conviction for this offense is not eligible for a risk evaluation.
- **No Action Required:** No action is required if a person is convicted of the crime.
- **Risk Evaluation:** A person convicted of this crime is eligible for a risk evaluation unless the person has another background check result that is an absolute bar. A risk evaluation will consider all of the person’s background check results.
- **Risk Evaluation if conviction was in the last 10 years:** An approved risk evaluation is necessary for the person to be present at the operation only if the conviction date is within the last 10 years from the date the background check eligibility is determined. After the 10 years have passed, the crime no longer requires an action by HHSC unless the person is on parole for a felony offense.
- **5- (or 20-) Year Bar; Risk Evaluation Thereafter:** A person convicted of the crime is prohibited for 5 (or 20) years from being present at the operation while children are in care. The person requires an approved risk evaluation for the conviction after that time period has passed.
- **5-Year Bar; Risk Evaluation b/w 5 & 10 Years:** A person convicted of the crime is prohibited for 5 years from being present at the operation while children are in care. After the first 5 years have passed, the person requires an approved risk evaluation for the next 5 years. After the total 10 years have passed, the crime no longer requires an action by HHSC unless the person is on parole for a felony offense.

The following assumptions apply to the chart:

- This chart applies to all criminal history checks conducted under 26 Texas Administrative Code, Chapter 745, Licensing, Subchapter F, Background Checks.
- Time limits are based on the date of conviction. When a final disposition has not yet been rendered, an arrest or charge for an offense listed on this chart may affect a person’s ability to be present at an operation if:
 - a conviction would bar the person from being present permanently or on a time-limited basis;
 - a conviction would prohibit the person from being present pending the outcome of a risk evaluation; or
 - the Centralized Background Check Unit (CBCU) determines that the person poses an immediate threat to the health or safety of children.
- Although the crimes listed in this chart reflect only offenses in Texas statutes, the same outcomes apply to similar criminal offenses under the laws of another state or federal law.
- For purposes of a person's ability to be present at an operation, a Criminal Attempt conviction will be treated as falling under the same section of the Penal Code as the offense that was attempted. Examples:
 - A conviction for Attempt to Commit Murder would be treated in the same manner as Murder and would result in an absolute bar.
 - A conviction for Criminal Conspiracy or Criminal Solicitation will be treated as falling under the same section of the Penal Code as the offense that was the subject of the conspiracy or the solicitation.
- In accordance with 26 Texas Administrative Code §745.661(c), a person currently on parole for any felony offense not otherwise barrable must have an approved risk evaluation prior to being present at an operation.
- When reviewing additional information received relating to a felony conviction, the person will not be eligible for a risk evaluation if CBCU determines the conviction meets requirements in 42 U.S.C. §671(a)(20)(A).

* Indicates bar if it is determined a person under age 18 was involved.

† Indicates that the bar is based on federal requirements set forth in 42 USC §671(a)(20)(A).

^ While these offenses are not normally prosecuted as misdemeanors, if the charge is reduced to a misdemeanor per *TPC 12.44(b)*, HHSC will take the action described in the "Misdemeanor (Includes All Levels Unless Otherwise Specified)" column.

^^ A foster or adoptive home cannot be verified or approved until all background checks on household members have been cleared, which includes the approval of any required risk evaluations. When this column says "yes" a person may be present at the foster or adoptive home while children are in care pending the outcome of the risk evaluation, it is only referring to already verified or approved foster or adoptive homes. In addition, even though persons may be present at a foster or adoptive home pending the outcome of the risk evaluation, HHSC may also place conditions or restrictions on a person in order for the person to be present at the foster or adoptive home. For example, an adult relative that is convicted of Driving While Intoxicated and living at a foster home may be permitted to continue to live at the foster home but may not be permitted to transport foster children.
