Notes:

* Negative value indicates underestimation for potential eligibles or the Participation for those Counties may include Participants from other Counties/Zip codes.

FFY 2016 Potential Eligibles Report now reflects a change in methodology used to calculate the number of potentially eligible people in Texas to include migration data from the 2010 U.S. Census, which increases the number of people considered potentially eligible.

FFY 2016 Average Monthly Participation = Includes the average of all WIC clients participating in the program during Federal Fiscal Year 2016.

If the calculated average monthly participation for a categorical group is greater than zero but less than one, the count is rounded to one.

Estimated Eligibles: Estimated Eligibles/Forecast data for year FFY 2016 is provided by Texas WIC.

N/A - Underestimation for potential eligibles without any estimated eligibles reported (division by 0).
