- Notes:**
- 1 There was a change in the methodology that was used to calculate potential eligible participants in the Texas population. The new methodology includes Texas populations that are above 185% of the federal poverty level. The Texas WIC income and adjunctive eligibility guidelines do not include individuals that are above 185% of the federal poverty level.
 - 2 There were 184 participants that were not included within these results since they did not reflect a county of participation during 2017 due to the migration of data from the previous to the new Texas WIC Management Information System.

* Negative values indicate the underestimation of potential eligibles or the participation from one county being inclusive of participants from other counties/zip codes.

If the calculated average monthly participation for a categorical group is greater than zero but less than one, the count is rounded to one.

Sources: WIC Participation: HHSC, Bureau of Nutrition Services, Texas EBT and TXIN

Estimated Eligibles: Estimated Eligibles/Forecast data for year FFY 2017 is provided by TXWIC.

N/A - Underestimation for potential eligibles without any estimated eligibles reported (division by 0).
