

## Worksheet Steps 3 & 4: Objectives & Activities

**Instructions:** State your goal and write two *SMART* outcome objectives. For each outcome objective, outline activities that will help you meet your objective. For each activity, write a *SMART* implementation objective.

**GOAL:**

**Outcome Objective #1 (Who will do what by how much by when)?**

---

**What activities can help you reach this outcome objective?**

Activity	Implementation Objective (Who will do what by how much by when?)

---

**Outcome Objective #2 (Who will do what by how much by when)?**

---

**What activities can help you reach this outcome objective?**

Activity	Implementation Objective (Who will do what by how much by when?)
