Special Report – YTD Totals by Source/Service

QPR Report File Shows YTD Totals by Source/Service

It has been requested by some AAAs that the new QPR system include a report that will show State and Federal YTD totals by funding source and service. Such a report has been developed and will also include month totals.

The workbook is named **QprMonthTotals.xls** and has been placed on the AAA secure FTP site <https://sftp.hhs.texas.gov/> in the **Qpr folder**. If you wish to use this report, download file **QprMonthTotals.xls** from the FTP site to your FY QPR folder, open and update links.

The totals in the new QprMonthTotals.xls workbook are linked from the QPR workbook.

If you have any questions, please contact the Help Desk at AAA.Help@dads.state.tx.us.
