1. General Information

Background

Title XX Social Services Block Grant (SSBG) funds are appropriated by the Texas Legislature and Governor to Texas state agencies to help meet specified social service needs for defined low income and at-risk populations. The Governor designated the Texas Health and Human Services Commission (HHSC) to administer the Title XX Social Services Block Grant on behalf of the State of Texas. HHSC acts as the lead grantee agency and serves as the coordinator of funds from the federal government to the various state agencies to which Title XX SSBG funds are appropriated. The Texas agencies participating in Title XX SSBG include:

- Texas Health and Human Services Commission
- Texas Department of Family and Protective Services
- Texas Workforce Commission

Although HHSC is the lead Title XX SSBG agency, the state agencies receiving and expending the funds are responsible for ensuring that services and expenditures are allowable and in compliance with federal and state requirements.

Pursuant to 42 United States Code Section 1397e, States must prepare reports on its activities carried out with SSBG funds. This report reflects how funds received for the 2022 Title XX block grant program year may be used and explains how Title XX social services may be provided. The program year for the Title XX SSBG in Texas is the federal fiscal year, October 1, 2022 through September 30, 2023.

Pursuant to 45 Code of Federal Regulations Section 96.74, States must use a standardized form as the reporting instrument to satisfy the reporting requirement of SSBG. Pursuant to Chapter 2054 of Texas Government Code, Section 508 of the Rehabilitation Act, and Section 255 of the Telecommunications Act, HHSC is required to provide members of the public seeking information with access to and use of information and data that are comparable to those provided to members of the public without disabilities. This report contains the same information as the required standardized form (OMB 097-0234) that the State of Texas will submit but is made accessible for all members of the public.

2. Administrative Operations

1. Administering Agency

Texas Health and Human Services Commission

2. Location

Austin, Texas

3. Mission/Goals of Agency

HHSC's mission is improving the health, safety and well-being of Texans with good stewardship of public resources.

4. Description of Financial Operations Systems

HHSC uses the Centralized Accounting and Payroll/Personnel System financials (CAPPS Fin) module to account for and allocate costs, as do all HHS System agencies plus the Texas Department of Family and Protective Services (DFPS). CAPPS Fin provides consistency in financial business processes and configurations among HHS System agencies, which assists in accomplishing the efficiency and cost containment objectives of the HHS System. HHSC uses the Centralized Accounting and Payroll/Personnel System (CAPPS HR) for Human Resources and Payroll.

The financial systems module of CAPPS Fin uses PeopleSoft's Financials for the public sector. Applications included within the module are general ledger (including budgeting and financial reporting), accounts payable, purchasing, and asset management. The chart of accounts defines how HHSC classifies and reports on financial and budgetary data. In PeopleSoft the chart of accounts structure is comprised of a series of individual data elements called chartfields. PeopleSoft's public sector financial application is delivered with a standard chartfield configuration.

3. Program Planning

1. Planning for Distribution and Use of Funds

The Texas budgeting process begins with the development of a biennial appropriation request and annual operating budgets. Funding recommendations and decisions are developed from a review of Title XX goals, current federal and state laws, regulations, riders, and public comments about client needs in different geographic areas of the state. The governing bodies of the various agencies approve submission of their Legislative Appropriations Request based on criteria for priorities of services.

The Texas Legislature reviews and revises the request, which is then sent to the Governor for final approval. Each agency uses funds in accordance with its rules outlined in the Texas Administrative Code (TAC). Depending on the service, the agency may provide the service directly using its own employees, may grant funds to third party subrecipients for service programs, or may purchase services through contracts from third parties using competitive procurement or other means. Local public agencies, community and faith-based organizations, and private for-profit enterprises interested in receiving Title XX SSBG funds should contact the applicable state agency responsible for administration of the particular service for information on how to receive Title XX SSBG funding.

2. Describe the Characteristics of Individuals to be Served

Characteristics of individuals to be served varies by each program.

HHSC Access and Eligibility Case Management Services

Eligibility is based on income, financial resources, and need as determined by the Form 2060, Needs Assessment Questionnaire and Task/Hour Guide (40 TAC Section 48.2901). The individual does not have to receive a community care service to receive case management. For purposes of this service:

“Adult” is defined as “a person aged 18 or older, or an emancipated minor.” (40 TAC Section 48.1201(3))

HHSC Children’s Mental Health Services

Eligible individuals are children and adolescents ages 3 to 17 with a serious emotional disturbance (SED), excluding a single or primary diagnosis of substance use disorder, intellectual or developmental disability (IDD), or autism spectrum disorder; or a serious functional impairment; or who are at risk of disruption of a

preferred living or child care environment due to psychiatric symptoms; or who are enrolled in special education because of SED (eligibility defined in the Performance Contract Notebook under Section C. Children and Youth Services "Populations Served").

For purposes of this service:

- "Child" is defined as "an individual who is at least three years of age, but younger than 13 years of age." (26 TAC Section 306.255)
- "Adolescent" is defined as "an individual who is at least 13 years of age, but younger than 18 years of age." (26 TAC Section 306.255)

HHSC Adult Community Mental Health Services

Adult mental health (AMH) services are available to qualifying and priority populations (defined by the Performance Contract Notebook under Section B. Adult Services "Populations Served") – individuals aged 18 and older with schizophrenia, major depression, or bipolar disorder; or who otherwise have a mental illness with significant functional impairment as determined by the adult uniform assessment.

Adolescents may continue to receive children's mental health services through the end of the authorization period during which they turn age 18.

Individuals are excluded if they have one of the following singular or primary diagnoses:

- Substance related disorder;
- Mental disorder due to known physiological condition; or
- IDD, including autism spectrum disorder.

For purposes of this service:

- "Adult" is defined as "an individual who is 18 years of age or older." (26 TAC Section 306.255)
- "Child" is defined as "an individual who is at least three years of age, but younger than 13 years of age." (26 TAC Section 306.255)
- "Adolescent" is defined as "an individual who is at least 13 years of age, but younger than 18 years of age." (26 TAC Section 306.255)
- "Family member" is defined as "any person who an individual identifies as being a member of their family." (26 TAC Section 301.303)

HHSC Day Activity and Health Services

Eligibility is based on age (18+), income, financial resources, a chronic medical condition and physician's attestation that the individual will receive therapeutic benefit from participation in the program (40 TAC Section 98.201). For purposes of this service, "Adult" is defined as "a person aged 18 or older, or an emancipated minor." (40 TAC Section 48.1201)

TWC Child Care Services

Eligibility limits for services differ depending on where parent resides. Each Local Workforce Development Board (Board) sets its own income limits up to 85% of the State Median Income (SMI) for initial eligibility. At eligibility redetermination, the income limit is 85% of SMI statewide (40 TAC Section 809.41), as required by the CCDF Final Rule (45 CFR Part 98).

Boards do not require an income test for families if they are referred by:

- a TANF employment services (Choices) case manager (40 TAC Section 809.46), or
- a Supplemental Nutrition Assistance Program (SNAP) Employment and Training case manager (40 TAC Section 809.47).

Income tests for parents referred to Choices or SNAP Employment and Training are provided by HHSC, the agency that determines eligibility for and administers TANF and SNAP benefits.

Additionally, families experiencing homelessness are required under the Child Care and Development Block Grant (CCDBG) to receive priority in the delivery of Child Care Services. As provided for in 40 TAC Section 809.41, families experiencing homelessness are considered to be income eligible without an income test.

Children in protective care are considered a vulnerable class by CCDBG, and states have flexibility to prioritize services for these children. As provided for in 40 TAC Section 809.49, parents who are referred by a Child Protective Services Worker are also served without an income test.

With the exception of children referred for child care by Child Protective Services, parents must be working or in training to qualify for child care assistance (40 TAC Section 809.56).

Eligibility is limited to children under 13 years of age (40 TAC Section 809.41), except for children ages 13 to 19 who have disabilities. Local Workforce Development Boards, in setting their local child care policies, may elect to extend eligibility to children with disabilities who are over 12 and under 19 years of age, or they may elect not to extend eligibility to that group.

The Child Protective Services (CPS) and the Adult Protective Services (APS) Divisions of DFPS refer individuals for guardianship services as described below.

If The Child Protective Services (CPS) Division of DFPS refers an individual to HHSC for guardianship services:

1. the individual must:
 - A. be at least 16 years of age and be in a conservatorship of DFPS; or
 - B. be at least 18 years of age, have been in CPS conservatorship on the day before turning 18 years of age, and in extended foster home placement after turning 18 years of age; and
2. CPS must have reason to believe that the individual will be substantially unable to provide for the individual's own food, clothing, or shelter, or to care for the individual's own health needs, or to manage the individual's own financial affairs when the individual becomes an adult.

An individual referred by the Adult Protective Services Division (APS) of DFPS must be 65 years of age or older, or 18 to 64 years of age with a disability. APS must also have reason to believe the individual is an incapacitated person, as defined by

Texas Estates Code Section 1002.017(2), and must have been determined to be in a state of abuse, neglect, or exploitation.

HHSC must determine that becoming guardian of an individual referred by APS will provide an effective remedy for the abuse, neglect, or exploitation validated by APS.

HHSC must determine that becoming a guardian of an individual referred by CPS will enable HHSC to effectively serve the needs of that ward.

HHSC may also otherwise agree to serve as permanent guardian for an individual.

In order for HHSC to serve as guardian, an individual must have private assets available to meet the expenses of day-to-day living, or be eligible for government benefits (for example, Medicaid, Social Security, or veteran benefits) that are sufficient to provide support. The HHSC Guardianship Services Program is not liable for, and cannot provide, financial support for services provided to wards, including the cost of long-term care or burial expenses.

d. Description of Recipients (eligibility considerations)

Eligibility limits for services differ depending on where the parent resides. Each Local Workforce Development Board (Board) sets its own income limits up to 85% of the State Median Income (SMI) for *initial* eligibility. At eligibility redetermination, the income limit is 85% of SMI statewide (40 TAC Section 809.41), as required by the CCDF Final Rule (45 CFR Part 98).

Boards do not require an income test for families if they are referred by:

- a TANF employment services (Choices) case manager (40 TAC Section 809.46), or

Income tests for parents referred to Choices or SNAP Employment and Training are provided by HHSC, the agency that determines eligibility for and administers TANF and SNAP benefits.

Additionally, families experiencing homelessness are required under the Child Care and Development Block Grant to receive priority in the delivery of Child Care Services. As provided for in 40 TAC Section 809.41, families experiencing homelessness are considered to be income eligible without an income test.

Children in protective care are considered a vulnerable class by CCDBG, and states have flexibility to prioritize services for these children. As provided for in 40 TAC Section 809.41, parents who are referred by a Child Protective Services Worker are also served without an income test.

With the exception of children referred for child care by Child Protective Services, parents must be working or in training to qualify for child care assistance (40 TAC Section 809.56).

Eligibility is limited to children under 13 years of age, or under age 19 for children with disabilities (40 TAC Section 809.41). Local Workforce Development Boards, in setting their local child care policies, may elect to extend eligibility to children with disabilities who are over 12 and under 19 years of age, or they may elect not to extend eligibility to that group.

This includes activities such as matching an individual to a job that aligns with their preferences and strengths, symptom-management and coping skills, assisting with job applications and interview preparations, building employer relationships through job development, rapid job search, benefits counseling, and time-unlimited support.

Job development is an activity essential to providing evidence-based supported employment. It is a systematic approach by the employment specialist that focuses on developing relationships with potential employers in an effort to find job matches for clients. It includes advocating with employers, employer negotiations, and other networking activities. Job development may count as a collateral contact only when: a contractor has a dedicated employment specialist who is providing the job development service, and the job development contact is focused on a specific consumer.

Rapid job search helps clients seek employment directly and assists with learning job specific skills rather than pre-employment assessment and training. Time-unlimited support encompasses follow-along supports that are individualized and continued for as long as the client wants or needs it to assist them in becoming as independent as possible in their employment. For the purposes of this document, a dedicated employment specialist is someone who spends 90 percent of their time providing supported employment services.

DFPS Adult Protective Services Purchased Client Services (PCS)

APS uses purchased client services (PCS) when necessary to alleviate abuse, neglect, or exploitation and meet client's short-term needs. These services include, but are not limited to, emergency shelter, food, medications, adaptive equipment, minor home repairs, restoration of utilities, rent, short-term medical or mental health services, and transportation. APS may also pay for short-term residential and in-home care while arranging for the ongoing delivery of these services.

APS policy requires caseworkers to explore the financial resources of clients. The caseworker compares the client's income and expenses to assess whether the client has resources to pay for services without the use of PCS funds. APS uses PCS in validated cases when the caseworker determines existing resources in the community cannot meet the client's needs.

Adult Protective Services Purchased Emergency Client Services include:

- Purchased services including emergency shelter, food, medication, short-term mental health and health services, rent, utilities, and in-home care.

d. Description of Recipients (eligibility considerations)

HHSC Guardianship Program

Texas Human Resources Code Chapter 161 provides HHSC with the authority to be appointed as a permanent guardian of a person or of the estate for children and adults referred to HHSC by DFPS. The Child Protective Services (CPS) and the Adult

Protective Services (APS) Divisions of DFPS refer individuals for guardianship services as described below.

If the Child Protective Services (CPS) Division of DFPS refers an individual to HHSC for guardianship services:

1. the individual must:
 - A. be at least 16 years of age and be in a conservatorship of DFPS; or
 - B. be at least 18 years of age, have been in CPS conservatorship on the day before turning 18 years of age, and in extended foster home placement after turning 18 years of age; and
2. CPS must have reason to believe that the individual will be substantially unable to provide for the individual's own food, clothing, or shelter, or to care for the individual's own health needs, or to manage the individual's own financial affairs when the individual becomes an adult.

An individual referred by the Adult Protective Services Division (APS) of DFPS must be 65 years of age or older, or 18 to 64 years of age with a disability. APS must also have reason to believe the individual is an incapacitated person, as defined by Texas Estates Code Section 1002.017(2), and must have been determined to be in a state of abuse, neglect, or exploitation.

HHSC must determine that becoming guardian of an individual referred by APS will provide an effective remedy for the abuse, neglect, or exploitation validated by APS.

HHSC must determine that becoming a guardian of an individual referred by CPS will enable HHSC to effectively serve the needs of that ward.

HHSC may also otherwise agree to serve as permanent guardian for an individual.

In order for HHSC to serve as guardian, an individual must have private assets available to meet the expenses of day-to-day living, or be eligible for government benefits (for example, Medicaid, Social Security, or veteran benefits) that are sufficient to provide support. The HHSC Guardianship Services Program is not liable for, and cannot provide, financial support for services provided to wards, including the cost of long-term care or burial expenses.

c. Description of Services

HHSC Children's Mental Health Plan

Waco Center for Youth (WCY) is a long-term psychiatric residential treatment facility serving youth, ages 13-17, with emotional and behavioral disorders. The facility bases its treatment philosophy on a strengths-based approach where the young person's strengths are identified and used as the building blocks for cultivating the skills that may require further development. Waco Center for Youth's mission, "providing high-quality, individualized care to Texans," is achieved by modeling five core values: helping, healing, relationship, responsibility and commitment. These values are used every day in the way we interact with the young people we serve and each other.

Waco Center for Youth is accredited under the Behavioral Health Care Standards of the Joint Commission (JC) and offers a rich and varied program with an array of comprehensive services. The JC is an independent, not-for-profit organization, which sets standards for and evaluates various health care organizations in accordance with nationally recognized standards. The standards include an organization's level of performance in key functional areas such as: patient care and treatment, rights and responsibilities of individuals served, leadership, infection control, and performance improvement. The JC also assesses WCY's ability to provide safe, high-quality care. To earn and maintain accreditation, an organization must undergo an on-site survey by a JC survey team at least every three years. WCY was last accredited in 2019.

Services offered at WCY include:

Education – Educational services are provided by Axtell Independent School District, which provides on campus academic learning experiences in small group settings.

Clinical Services - WCY provides each young person receiving services with an assigned clinical therapist who is responsible for or helps coordinate:

- Individual and group therapy.
- Family therapy.
- Coordination of the treatment team.
- Social and self-regulation skills training.
- Case management services.
- Assistance with aftercare planning.

Treatment Team Planning – The treatment team is a multi-disciplinary team led by a board-certified child psychiatrist that assesses each youth's clinical needs and develops an appropriate treatment approach.

Medical Services – WCY ensures that each youth benefits from continuous general medical care by WCY's full time pediatrician.

Medication Management – WCY provides developmentally appropriate education and training to youth about their medication, with a focus on developing the skills needed to understand the purpose, appropriate dosing, and administration of their medications with the goal of learning how to more independently manage their medication and advocate for their own health care needs with their physician.

6. Day Care Services for Children- Children

TWC allocates child care funding, including Title XX, to the twenty-eight Boards. Each Board oversees a child care contractor who is responsible for administering child care funding and enrolling and arranging for child care for eligible children. Parents may choose for their children to be enrolled in any regulated child care program that has an Agreement with the Board to accept referrals from the subsidized child care program.

E. Certifications

Exhibit A - CERTIFICATION REGARDING DEBARMENT, SUSPENSION AND OTHER RESPONSIBILITY MATTERS

Certification Regarding Debarment, Suspension, and Other Responsibility Matters — Primary Covered Transactions Instructions for Certification

- 1) By signing and submitting this proposal, the prospective primary participant is providing the certification set out below.
- 2) The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
- 3) The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.
- 4) The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- 5) The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. You may contact the department or agency to which this proposal is being submitted for assistance in obtaining a copy of those regulations.
- 6) The prospective primary participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who

is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction.

- 7) The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusive-Lower Tier Covered Transaction," provided by the department or agency entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

Exhibit B - CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645 (a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

- 1) By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.
- 2) The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
- 3) For grantees other than individuals, Alternate I applies.
- 4) For grantees who are individuals, Alternate II applies.
- 5) Workplaces under grants, for grantees other than individuals, need to be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
- 6) Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).

1. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).
2. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

Controlled substance means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. Section 812) and as further defined by regulation (21 CFR Section 1308.11 through 1308.15).

Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes.

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance.

Employee means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

Certification Regarding Drug-Free Workplace Requirements Alternate I. (Grantees Other Than Individuals)

The grantee certifies that it will or will continue to provide a drug-free workplace by:

- 1) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
- 2) Establishing an ongoing drug-free awareness program to inform employees about —
 - a. The dangers of drug abuse in the workplace;

- b. The grantee's policy of maintaining a drug-free workplace;
 - c. Any available drug counseling, rehabilitation, and employee assistance programs; and
 - d. The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
- 3) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);
- i. Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will — (1) Abide by the terms of the statement; and (2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
- 4) Notifying the agency in writing, within 10 calendar days after receiving notice under paragraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;
- 5) Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d)(2), with respect to any employee who is so convicted — (1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of:
- i. 1973, as amended; or
 - ii. (2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;
 - iii. (g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e) and (f).

- iv. (B) The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

Place of Performance (Street address, city, county, state, zip code)
4900 North Lamar Boulevard Austin, Travis, Texas 78751

Check if there are workplaces on file that are not identified here.

Alternate II. (Grantees Who Are Individuals)

- (a) The grantee certifies that, as a condition of the grant, he or she will not engage in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in conducting any activity with the grant;
- (b) If convicted of a criminal drug offense resulting from a violation occurring during the conduct of any grant activity, he or she will report the conviction, in writing, within 10 calendar days of the conviction, to every grant officer or other designee, unless the Federal agency designates a central point for the receipt of such notices. When notice is made to such a central point, it shall include the identification number(s) of each affected grant.
