House Bill (HB) 2727

House Bill (HB) 2727 amends Government Code, Chapter 531, and directs HHSC to:

- Add Federally Qualified Health Centers (FQHCs) and Rural Health Clinics (RHCs) as providers of telemonitoring services in Medicaid, including the Medicaid managed care programs.
- Require home telemonitoring providers to establish a plan of care with outcome measures for each patient, and to share the plan and outcome measures with the patient's physician.

HB 2727 Overview Continued

- Update risk factors and criteria for eligibility.
- Clarify 'home telemonitoring service' is synonymous with 'remote patient monitoring' (RPM).
- Provide home telemonitoring services to persons diagnosed with conditions for which the commission determines the provision of home telemonitoring services would be cost-effective and clinically effective.
