## **COVID-19 Update: Additional Emergency Allotment Supplement**

### **Background**

On January 27, 2020, the Secretary of the U.S. Department of Health and Human Services declared that a public health emergency exists nationwide due to the novel coronavirus (COVID-19) outbreak. Additionally, on March 13, 2020, Governor Greg Abbott also declared a state of disaster for all counties in Texas due to the COVID-19 outbreak. HHSC is providing the following temporary guidance regarding policies and procedures for processing case actions during the COVID-19 public health emergency.

### **COVID-19 Policy**

#### SNAP

HHSC has been granted approval from the Food and Nutrition Service (FNS) to issue October 2021 EA supplements to participating SNAP households. Households who are approved for SNAP in October 2021 will automatically be issued supplements that will bring the household up to the maximum monthly allotment for the household's size. All SNAP households will receive a minimum of \$95 in EA supplements.

All EA supplements will be automatically issued on the SNAP household's existing EBT card. SNAP households do not need to take any action to receive EA supplements.

HHSC will issue EA supplements for October, on a randomized staggered schedule starting October 4, 2021. The expected completion of October EA supplement issuance for active SNAP households is October 8, 2021. Households who are determined eligible for SNAP after October 8, 2021 will be issued their supplement within approximately 60 days from disposition. Staff should call in a ticket when the SNAP household reports not receiving the supplement by that timeframe.

TIERS will add the following case comment "COVID-19 SNAP supplements issued" for a case where the EA supplement was issued. HHSC will not be sending a notice to households regarding the EA supplement.

Additionally, during the pandemic, Quality Control and other case reading reviews will continue to ensure accuracy. Although SNAP households will receive a minimum of \$95 in EA supplements, staff must still ensure regular monthly benefits are calculated correctly when processing any case actions.

**Automation**

October EA supplements for active SNAP households are expected to be issued between October 4, 2021, and October 8, 2021. Households who are determined eligible for SNAP after October 8, 2021 will be issued their October EA supplement within approximately 60 days from disposition.
