# 1. Introduction

The *Report on the Mental Health First Aid Program for Fiscal Year 2021* is submitted in compliance with Health and Safety Code, Section 1001.205(b), which requires the Health and Human Services Commission (HHSC) to submit a report to the Legislature by December 1 of each year. The report includes:

- The number of Local Mental Health Authority (LMHA) and Local Behavioral Health Authority (LBHA) employees and contractors trained as Mental Health First Aid (MHFA) trainers during the preceding fiscal year, the number of trainers who left the program for any reason during the preceding fiscal year, and the number of active trainers;
- The number of higher education employees,<sup>1</sup> school district employees, and school resource officers who completed an MHFA training program provided by an authority during the preceding fiscal year categorized by LMHA region, university, or school district, as applicable, and category of personnel;
- The number of individuals who are not higher education employees, school district employees, or school resource officers who completed an MHFA training program provided by an authority during the preceding fiscal year;
- The number of service members, veterans and family members, who completed the veterans' module of an MHFA training program provided by an authority during the preceding fiscal year; and
- A detailed accounting of expenditures of money appropriated for the purpose of implementing Subchapter H (Mental Health First Aid Training) of Chapter 1001 of the Health and Safety Code.

MHFA is an evidence-based curriculum used to teach individuals how to help someone who may be developing a mental health problem or experiencing a mental health crisis. The goal of the MHFA program is to decrease stigma, increase awareness, and provide resources to individuals who might be experiencing a mental health crisis. Health and Safety Code, Chapter 1001, Subchapter H, directs HHSC to provide grants to LMHAs and LBHAs, pursuant to Health and Safety Code, Section 533.0356(a)(1), to train staff and contractors as MHFA instructors. MHFA instructors provide MHFA training to higher education employees, school district

---

<sup>1</sup> Throughout this report, the term "higher education employee" is used in place of the term, "university employee," which is defined in Health & Safety Code §1001.201(6) as a "person employed by a public or private institution of higher education who regularly interacts with students enrolled at the university through the course of the person's duties."

employees, and school resource officers at no cost to the trainees or their employers.

Beginning in fiscal year 2020, training is also provided to veterans and their immediate family members as required by statute.<sup>2</sup>

H.B. 19, 86th Legislature, Regular Session, 2019, created a position known as a non-physician mental health professional (NPMHP). The NPMHP is hired by LMHAs and LBHAs and is housed at an education service center. The NPMHP works directly with the MHFA outreach workers at each LMHA/LBHA, and in doing so, has increased both entities' awareness of each other, increased MHFA training opportunities, made mental health resources available to the school districts, and helped create a partnership between the LMHAs and the educational system as a whole.

---

<sup>2</sup> Government Code, Title 4, Subtitle C, Chapter 434, Subchapter H, Section 434.352(b)(5)

## 2. Background

Since the inception of MHFA, LMHAs/LBHAs have increasingly trained more Texans each year. The number of individuals projected to be trained in MHFA in fiscal year 2020 was on track to surpass previous years; however, training decreased in 2020 due to the COVID-19 pandemic. Prior to COVID-19, MHFA training was solely offered in-person. Training opportunities and the number of people trained in MHFA increased in 2021, but many challenges remain.

Due to the inability to hold in-person classes, the National Council for Mental Wellbeing, which owns the national MHFA curriculum, developed virtual MHFA courses. The virtual adult and youth MHFA courses became available in June 2020, and MHFA instructors were trained to use the virtual platform. However, since the virtual platform was launched, there have been several changes that created technical difficulties for instructors, as well as participants in the courses. The National Council for Mental Wellbeing recently developed a more user-friendly platform in the fall of 2021.

Several distinct MHFA modules are available, including the veterans' module. The veteran's module is currently only offered in person. The National Council for Mental Wellbeing is creating a virtual veterans' module, but it is not yet available. The number of participants in veterans' module courses remains low since many of the LMHAs and LBHAs are not training in person.

### 3. MHFA Data

This section contains MHFA training data and expenditures for fiscal year 2021. HHSC collected data from LMHAs and LBHAs through annual reports, monthly invoices, and an online data collection system.

#### LMHA/LBHA Employees and Contractors Trained

Table 1 below shows the total number of active trainers at each LMHA/LBHA as of August 2021, the average number of active trainers at each LMHA/LBHA throughout fiscal year 2021, and the total number of trainers who left the program at each LMHA/LBHA during fiscal year 2021.

## MHFA Training for Instructors, School District Employees, Higher Education Employees, and Community Members

Figure 1 shows the total number of instructors, school district employees, higher education employees, and community members<sup>3</sup> who were trained in fiscal year 2021.

**Figure 1. MHFA Training in Fiscal Year 2021**

<sup>3</sup> Community members include any individuals who are not higher education employees, school district employees, or school resource officers who completed a mental health first aid training program.

## Accounting of Expenditures

Table 2 contains the aggregate number of individuals trained in MHFA followed by total state funds expended by all 39 LMHAs and LBHAs. Expenses were captured monthly through invoices submitted by LMHAs and LBHAs. This initiative is funded through state general revenue, as well as through the federal Mental Health Block Grant. The amounts below reflect the state resources, as well as a portion of the federal resources utilized to train MHFA participants.

Refer to Appendix A for aggregate training data and expenditures by LMHA and LBHA. Refer to Appendix B for detailed information on school district and higher education employees trained.

**Table 2. Aggregate Number of Instructors, School District Employees, Higher Education Employees, and Community Members Trained in Fiscal Year 2021**

Category	Aggregate # Trained
Instructors	212
ISD Employees	11,940
Higher Education Employees	1,515
Community Members	8,479

**Total State Funds Expended: \$1,339,709.39**

## Service Members, Veterans, and Family Members trained in MHFA

Beginning in fiscal year 2020, HHSC began collecting data on service members, veterans, and their family members (SMVF) who were trained in MHFA and the veterans' module of MHFA. Table 3 contains aggregate numbers trained by all 39 LMHAs and LBHAs.

Refer to Appendix C for aggregate SMVF training data by LMHA and LBHA.

**Table 3. Aggregate Number of SMVF Trained in Fiscal Year 2021**

<b>Category</b>	<b># Trained</b>
<b>Service Members trained in Veterans module MHFA</b>	6
<b>Veterans and Family Members trained in Veterans module MHFA</b>	241
<b>Service Members, Veterans, and Family Members trained in general adult or youth MHFA</b>	3,821

## 4. Conclusion

All 39 LMHAs and LBHAs continued to participate in the MHFA program during fiscal year 2021. Each of the LMHAs and LBHAs submitted an annual plan to the MHFA program outlining how the LMHAs and LBHAs would develop and maintain community partnerships and increase training opportunities in their service areas.

At the end of fiscal year 2021:

- 501 LMHA and LBHA employees and contractors were active MHFA trainers;
- 13 was the average number of active trainers at each LMHA and LBHA; and
- 143 MHFA trainers left the program.

In fiscal year 2021, the MHFA program and statewide partnerships resulted in:

- 212 LMHA and LBHA employees and contractors trained as new MHFA instructors;
- 13,455 higher education employees, public school district employees, and school resource officers trained in MHFA;
- 8,479 individuals from the community who are not higher education employees or a public school district trained in MHFA; and
- 4,068 service members, veterans, and their family members, were trained in MHFA.<sup>4</sup>

HHSC anticipates the number of people trained will increase as awareness and availability of virtual MHFA training increases. The availability of multiple delivery methods (in-person and virtual) will make the training accessible to more Texans. As such, HHSC foresees that MHFA training will continue to increase in upcoming years and eventually surpass pre-pandemic levels.

---

<sup>4</sup> SMVFs are included in the community member, ISD, and higher education numbers. SMVFs are not additional participants.
