Fiscal Year 2020-21 Update

HHSC will not have a Medicaid shortfall or require a supplemental appropriation for fiscal years (FY) 2020-21*

	FY 2020-21 (in millions)
Current Projected HHSC Surplus	\$96.9
July and August 2021 Public Health Emergency Extension	\$72.8
Total Projected Surplus	\$169.7*

*Assumes carry forward of lapses from fiscal year 2020

Key Budget Drivers

The following assumes the Public Health Emergency (PHE) and related policies end June 2021:

- Medicaid caseloads are projected to decrease by 8.2 percent in FY 2022 and 4.9 percent in FY 2023
- CHIP caseloads are expected to increase by 20.8 percent in FY 2022 and 2.5 percent in FY 2023
- Cost (per client) growth is projected to increase by 7 percent each year of the biennium due to changing case mix resulting from the PHE
- Total cost growth is 0.1 percent each year
- Cost growth is impacted by:
 - Utilization trends
 - Case mix distribution
 - Benefit changes
 - Population acuity factors
 - Aging and births
 - Evolutionary and revolutionary advances in medicine
- Cost growth for Texas' Medicaid program has averaged a slower rate of increase when compared to national trends

Exceptional Item Requests

We stand ready to work with the Governor and Legislature throughout the budget process

- HHSC is fully aware of the unprecedented challenges the Texas Legislature faces in writing the state's budget
- Over the last year, HHSC evaluated how it can do more with less and was guided by the following principles:
 - Maintain essential client services
 - Request funding for only what is necessary to prevent agency operations from breaking
 - Scale requests to the absolute minimum needed
- HHSC solicited and received more than 500 recommendations from the public and stakeholders

Appendix C

Exceptional Items

Exceptional Item #1

Maintain Entitlement Cost Growth

- Category: Maintain Access for Essential Client Services
- This request funds cost growth for Medicaid (entitlement and non-entitlement), Children's Health Insurance Program (CHIP), and Temporary Assistance for Needy Families (TANF)

\$ in Billions	FY22	FY23	Biennium
General Revenue (GR)	\$0.6	\$1.0	\$1.6
All Funds (AF)	\$1.0	\$2.0	\$3.0
FTEs	0.0	0.0	

Exceptional Item #2

Foster Care Litigation

- Category: Ensure Compliance with State and Federal Laws and Regulations
- This request is in response to the ongoing Foster Care Litigation and the requirements that must be met by HHSC to remain in compliance with U.S. District Court remedial orders in M.D. v. Abbott
- This request would fund increases to the number of staff required to address new caseload guidelines and heightened monitoring of high-risk Residential Child Care operations, as well as allow HHSC to make IT system changes to CLASS, CLASSMate, and public and provider applications

\$ in Millions	FY22	FY23	Biennium
General Revenue (GR)	\$20.9	\$17.3	\$38.2
All Funds (AF)	\$20.9	\$17.3	\$38.2
FTEs	140.9	153.0	

Exceptional Item #3

Direct Acting Antiviral (DAA) Drugs for Hepatitis C with No Restrictions

- Category: Ensure Compliance with State and Federal Laws and Regulations
- While the Medicaid program covers DAA drugs to treat Hepatitis C, due to the high cost of these drugs, HHSC adopted prior authorization policies to ensure Medicaid clients were only prescribed these drugs if they met medical criteria
- CHIP and state hospitals' treatment policies are similar to Medicaid's prior authorization requirements
- This request would allow HHSC to remove certain prior authorization requirements to align with federal guidance and provide access to treatment for approximately 21,000 individuals in Medicaid and CHIP and 337 people in state hospitals

\$ in Millions	FY22	FY23	Biennium
General Revenue (GR)	\$25.1	\$22.2	\$47.3
All Funds (AF)	\$60.8	\$55.0	\$115.8
FTEs	0.0	0.0	

Exceptional Item #4

Ensure Access to Medicaid Long-term Services and Supports Waivers

- Category: Maintain Access for Essential Client Services
- Currently, there are more than 150,000 individuals on at least one interest list, with some individuals waiting 15 years to reach the top of the list
- This request would fund an additional 3,512 slots to support community transitions and reduce interest lists for the following Medicaid waiver programs:
 - Community Living Assistance and Support Services (CLASS)
 - Deaf Blind Multiple Disability (DBMD)
 - Home and Community-based Services (HCS)
 - Texas Home Living (TxHmL)
 - Medically Dependent Children's Program (MDCP)
 - STAR+PLUS HCBS

\$ in Millions	FY22	FY23	Biennium
General Revenue (GR)	\$19.4	\$56.7	\$76.1
All Funds (AF)	\$50.5	\$140.6	\$191.1
FTEs	56.4	64.5	

Exceptional Item #5

Phase 1: Medicaid Management Efficiencies Information Systems (MMIS) Modernization Procurement and Transition

- Category: Sustain Current Operations or Achieve Future Cost Savings
- MMIS is monolithic, does not provide all the necessary functionality, and is nearing end of life
- This request would allow HHSC to procure a new system and complete the transition to a new vendor before the current contract expires at the end of FY 2023

\$ in Millions	FY22	FY23	Biennium
General Revenue (GR)	\$9.4	\$25.2	\$34.6
All Funds (AF)	\$65.7	\$225.9	\$291.6
FTEs	0.0	0.0	

Exceptional Item #6

Electronic Visit Verification (EVV) Expansion

- Category: Ensure Compliance with State and Federal Laws and Regulations
- Federal law mandates the use of EVV for all Medicaid home health care services by 2023
- Failure to comply will result in reduced federal Medicaid funding for home health care services
- To come into compliance and ensure accurate processing of claims and data, HHSC is requesting funding to modify its claims submission software, EVV portal, and EVV vendor systems
- This request would also fund increased processing costs for ongoing system operations

\$ in Millions	FY22	FY23	Biennium
General Revenue (GR)	\$0.4	\$0.8	\$1.3
All Funds (AF)	\$1.9	\$6.1	\$8.0
FTEs	0.0	0.0	

Exceptional Item #7

Information Technology (IT) Security Threat Reduction & System Stabilization & Restore

- Category: Sustain Current Operations or Achieve Future Cost Savings
- This request would equip HHSC with security stabilization and advancement in support of the agency's 10-Year Plan and would restore biennial reductions for IT operations
- Security Threat Reduction and System Stabilization request would fund the following initiatives:
 - Stabilization of Program Support Systems
 - Modernize End-of-Life / End-of-Support Network Equipment
 - Cybersecurity Advancement
 - Stabilization of Enterprise Server and Storage
 - Winters Data Center Environment Protection Services

\$ in Millions	FY22	FY23	Biennium
General Revenue (GR)	\$26.2	\$24.2	\$50.4
All Funds (AF)	\$38.4	\$35.3	\$73.7
FTEs	17.2	17.2	

Exceptional Item #8

IDD System Redesign and Waiver

- Category: Ensure Compliance with State and Federal Laws and Regulations
- To improve quality and ensure continuity of services, HHSC is required to design and implement a long-term services and support system for individuals with intellectual and developmental disabilities through managed care
- Before permanently redesigning how clients receive these waiver services, the Legislature directed the agency to develop a pilot program by September 1, 2023
- This request would fund necessary IT system changes and staffing to allow HHSC to pilot IDD waiver program services in managed care

\$ in Millions	FY22	FY23	Biennium
General Revenue (GR)	\$4.2	\$4.2	\$8.4
All Funds (AF)	\$25.1	\$26.6	\$51.7
FTEs	17.2	29.5	

Exceptional Item #9

Comply with Federal Requirements for Community Integration for Individuals with Disabilities

- Category: Ensure Compliance with State and Federal Laws and Regulations
- The Centers for Medicare & Medicaid Services (CMS) requires all HCBS settings to comply with federal rules for engagement in community life, integrated work environments, and control of personal resources by March 2023
- Because the current day habilitation model for the HCS, TxHmL, and DBMD waiver programs does not comply with requirements for community integration, HHSC could be financially penalized
- This request would allow the agency to establish a new benefit, make IT system changes, and fund FTEs necessary to come into compliance with federal regulations

\$ in Millions	FY22	FY23	Biennium
General Revenue (GR)	\$0.3	\$35.8	\$36.1
All Funds (AF)	\$0.6	\$91.6	\$92.2
FTEs		24.0	

Exceptional Item #10

Restore Cuts and Maintain Compliance with State and Federal Laws and Regulations

- Category: Ensure Compliance with State and Federal Laws and Regulations
- Preserves HHSC's data quality improvement efforts by: restoring Performance Management and Analytics System (PMAS) base cuts; and replacing federal matching funds for Enterprise Data Governance (EDG)
- PMAS and EDG are HHSC's ongoing initiatives to comply with legislative directives to improve data quality by defining, connecting, and managing data across the system
- Failure to restore funding deficits will have harmful negative impacts to HHS data quality programs and may risk federal funding for a number of other Medicaid projects, as EDG is required by CMS

\$ in Millions	FY22	FY23	Biennium
General Revenue (GR)	\$4.5	\$5.2	\$9.7
All Funds (AF)	\$6.0	\$6.6	\$12.5
FTEs	4.1	4.1	

Exceptional Item #11

Complete Construction and Expanded Operations in State Hospitals

- Category: Sustain Current Operations or Achieve Future Cost Savings
- In 2017, the Legislature began a three-biennia plan to replace and expand the state psychiatric hospital system
- This request would allow HHSC to finish the work started by the 85th and 86th Legislatures as described in the comprehensive plan established by the agency
- Specific projects include operating 350 to 374 additional beds at the Kerrville and San Antonio state hospitals and the new UTHHealth Behavioral Sciences Center, as well as completing construction to replace the aging Austin and San Antonio state hospitals

\$ in Millions	FY22	FY23	Biennium
General Revenue (GR)	\$300.3	\$57.5	\$357.9
All Funds (AF)	\$300.3	\$57.5	\$357.9
FTEs	260.0	260.0	

Exceptional Item #12

Ensure Critical Facility Infrastructure Efficiency and Safety

- Category: Sustain Current Operations or Achieve Future Cost Savings
- This request would ensure state hospitals and SSLCs can provide services in safe environments that promote well-being of individuals served and meet certification and accreditation standards
- This request would fund vehicles, laundry equipment, IT infrastructure and critical repairs and renovations, like anti-ligature projects for patient bedrooms, bathrooms, and quiet rooms

\$ in Millions	FY22	FY23	Biennium
General Revenue (GR)	\$58.8	\$2.0	\$60.8
All Funds (AF)	\$105.7	\$2.0	\$107.7
FTEs	4.1	4.1	

Exceptional Item #13

Stabilize E-Discovery

- Category: Sustain Current Operations or Achieve Future Cost Savings
- E-Discovery is the electronic aspect of identifying, collecting, and producing electronically stored information in response to a request for production in a lawsuit or investigation
- HHSC is constrained by ineffective tools and lack the technological ability to meet the demands of large legal cases
- This request is part of HHSC's 10-Year IT Plan and would equip the agency with the tools needed to address litigation, and public information requests

\$ in Millions	FY22	FY23	Biennium
General Revenue (GR)	\$3.7	\$1.1	\$4.9
All Funds (AF)	\$5.5	\$1.7	\$7.2
FTEs	0.0	0.0	

Exceptional Item #14

Long-term Care Regulatory Backlog

- Category: Sustain Current Operations or Achieve Future Cost Savings
- This request would ensure adequate resources to address the backlog in mandatory federal and state requirements for re-licensure and recertification surveys and lower priority intakes
- CMS requirements limited survey activity for nursing facilities to focused infection control surveys and investigations of immediate jeopardy (priority one) intakes due to the COVID-19 pandemic

\$ in Millions	FY22	FY23	Biennium
General Revenue (GR)	\$14.2	\$14.0	\$28.1
All Funds (AF)	\$14.6	\$14.4	\$29.0
FTEs	32.7	32.7	

Exceptional Item #15

Centralized Accounting and Payroll/Personnel System (CAPPS) Compliance and Stabilization

- Category: Ensure Compliance with State and Federal Laws and Regulations
- This request would migrate the current Accounts Receivable Tracking System (ARTS) to CAPPS Financials
- Not making system changes could jeopardize HHSC's ability to receive future grant funds for not following federal regulations and risk the agency's ability to meet federal reporting requirements, which could lead to a disallowance or deferral in payment

\$ in Millions	FY22	FY23	Biennium
General Revenue (GR)	\$2.6	\$3.3	\$5.8
All Funds (AF)	\$4.2	\$5.4	\$9.6
FTEs	17.2	19.3	

Exceptional Item #16

Facility Support Restoration

- Category: Sustain Current Operations or Achieve Future Cost Savings
- This request would restore the baseline reduction to Facility Support Services
- To achieve the reduction, HHSC would have to eliminate or substantially reduce four departments and implement a reduction in force of 23.5 positions
- The reduction could result in the loss of competency and training development that help maintain regulatory standards, food and nutrition services, and risk management support

\$ in Millions	FY22	FY23	Biennium
General Revenue (GR)	\$3.0	\$3.0	\$6.1
All Funds (AF)	\$3.0	\$3.0	\$6.1
FTEs	0	0	

Exceptional Item #17

Article II Assessment Costs

- Category: Sustain Current Operations or Achieve Future Cost Savings
- The consolidation of Article II agencies as directed by Senate Bill 200, 84th Legislature, Regular Session, 2015, shifted the cost of administrative and support services between HHS agencies
- This request would support the on-going cost of HHSC providing administrative and support services to the Department of State Health Services and Department of Family and Protective Services

\$ in Millions	FY22	FY23	Biennium
General Revenue (GR)	\$8.1	\$6.7	\$14.8
All Funds (AF)	\$8.1	\$6.7	\$14.8

COVID-19 Response Activities and Fiscal Summary

TEXAS
Health and Human
Services

COVID-19 Response Activities

HHSC quickly mobilized to help Texans during the COVID-19 public health emergency

- Extended healthcare coverage and SNAP benefits
- Provided more than \$1 billion in pandemic food benefits to families with children that have temporarily lost access to free or reduced-price school lunches
- Sought waivers to ensure critical services are not interrupted for clients that participate in programs such as Healthy Texas Women, Early Childhood Intervention, and the Family Violence Program
- Helped stand up a COVID-19 Mental Health Support Line with the Harris Center for Mental Health and IDD for Texans experiencing anxiety, stress, or emotional challenges

TEXAS
Health and Human
Services

COVID-19 Response Activities

- Sought waivers and adopted emergency rules to give healthcare providers flexibilities to serve individuals during COVID-19
 - Extending enrollment revalidation due dates for existing providers and expediting the enrollment process for new providers wanting to participate in Medicaid and CHIP
 - Reimbursing Medicaid and CHIP providers for COVID-19 testing and providing a temporary rate enhancement for several provider types, including nursing facilities
 - Encouraging health plans to provide telehealth services in a member's home
 - Extending the Electronic Visit Verification Claims Matching policy
 - Suspending face-to-face service coordination visits and instead requiring managed care organizations (MCOs) to conduct these visits telephonically to ensure members continue to receive services

TEXAS
Health and Human
Services

COVID-19 Response Activities

- Implemented emergency rules and procedures to provide flexibilities for regulated facilities to safely serve and treat individuals impacted by COVID-19
- Collected data to monitor licensed facilities response to the public health emergency
- Conducted more than 1,700 on-site surveys focused on facilities' infection control practices for all 1,220 facilities
- Made itself available to assist these providers and facilities as needed

TEXAS
Health and Human
Services

COVID-19 Response Activities

- Obtained necessary personal protective equipment for all state supported living center and state hospital staff, including more than 3 million surgical and KN-95 masks
- Implemented strict testing protocols based on virus transmission in each community, with facilities testing as often as twice weekly in communities with substantial community transmission
