

## Memorandum

---

#20-072

**TO:** WIC Regional Directors  
WIC Local Agency Directors

**FROM:** Amanda Hovis, Director  
Nutrition Education/Clinic Services Unit  
Nutrition Services Section

**DATE:** November 18, 2020

**SUBJECT: Pump Ordering Opportunity**

---

An opportunity to order breast pumps is now available. This ordering opportunity includes the following changes:

- The Ameda Mya Joy electric single user breast pump is now available. The Mya Joy will be replacing the Finesse pump. The Mya Joy was piloted by the Dallas Lactation Care Center with really positive feedback from users.
- User instructional DVD's will no longer be included with each breast pump. Instructional videos will instead be available for viewing at each vendors website. Vendors web address will be listed in the pump manual.
- Some products part numbers have changed. See list below.

Please enter your order in BOS by 5:00 PM, **December 11, 2020**.

BOS can be found on the Texas WIC Staff web site at:

<http://wicstaffapps.dshs.texas.gov>. This order period is labeled "Dec2021", note the year refers to fiscal year. After December 11th, access to the ordering system will be limited to reviewing your order history and reconciling orders.

Considerations for this order:

- Forecast enough quantities to last **4 months**, or through August 2021.
- Tentative delivery of this order will be late-March to early-April 2021. The next ordering opportunity will be in May 2021.
- Please reconcile your deliveries in BOS within three (3) business days of receiving your breast pumps.

- State Agency will verify reconciliation and submit request to load new inventory into TXIN using the IDL tool.
  - If your order includes multi-users (MU) please send an email to [leticia.delarosa@hhs.texas.gov](mailto:leticia.delarosa@hhs.texas.gov) listing the serial numbers for each MU received.
