

Sample Training Teamwork

Objective: To develop better teamwork skills in the workplace.

Materials: puzzle with large pieces.

Activity: Place the puzzle in the center of a table. Ask the participants to work together to complete the puzzle. Observe their team work skills and discuss as they work to complete the puzzle.

Sample comments/discussion:

- You all are working very well together. This is cooperation which is important to teamwork.
- _____, you helped _____ locate that piece of the puzzle. That was very helpful which is another important part of teamwork.
- You all worked together to complete the puzzle. You were supportive of each other and worked well together. These are important to great teamwork.
- While putting the puzzle together, there were a few disagreements. You all talked it over and came to an agreement. This is collaboration which is an important part of working as a team.
