[IMB Postal Barcode]

Dear <hohName>:

Coming soon: A simpler way for you to get your Medicare and STAR+PLUS Medicaid services.

In March 2015, Medicare and STAR+PLUS Medicaid joined together to give you one plan. This new plan will provide you with the full set of medical services you can get from both Medicare and STAR+PLUS Medicaid. **It's one medical plan instead of two.**

How one plan can help you:

Your STAR+PLUS Medicare-Medicaid Plan will work with you, your family, and your providers to make sure you get all the services you need. It's a simpler way to get your care. You'll keep the care you already have and get the services that are right for you, such as:

- Basic medical care you get now like doctor visits, hospital visits, and prescription drug benefits.
- All the long-term services you get now like attendant services.
- A service coordinator. This is someone who will work with you, your family, and your doctors to make sure you get the Medicare and Medicaid services you need.
- "Value-added" or extra services that are listed in the blue chart that came with this letter.

There's more about the new STAR+PLUS Medicare-Medicaid Plan in the flyer that came with this letter.

Watch your mailbox for more about this new plan.

This coming month, look in the mail for another letter from us. We'll tell you more about the new STAR+PLUS Medicare-Medicaid Plan. The letter also will tell you more about the benefits and choices you'll have with this plan.
