RE: Texas TN 20-0018

Dear Ms. Stephens:

We have reviewed the proposed Texas State Plan Amendment (SPA) to Attachment 4.19-B, TX#20-0018, which was submitted to the Centers for Medicare & Medicaid Services (CMS) on September 30, 2020. The amendment implements a reimbursement methodology for when a new national procedure code is assigned for HealthCare Common Procedure Coding System (HCPCS) updates and when federally-mandated reimbursement rates, physician-administered drugs (PADs), or biological products are released.

Based upon the information provided by the State, we have approved the amendment with an effective date of July 1, 2020. We are enclosing the approved CMS-179 and a copy of the new state plan pages.

If you have any additional questions or need further assistance, please contact Tamara Sampson at 214-767-6431 or Tamara.Sampson@cms.hhs.gov.

Sincerely,

Todd McMillion
Director

**23. REMARKS:**
All rates and fees can be found by accessing http://public.tmhp.com/FeeSchedules/Default.aspx. The rates accessed at this website contain all annual or periodic adjustments to the fee schedule.

Except as otherwise noted in the plan, state developed fee schedules and rates are the same for both governmental and private providers.

To ensure access to care and prompt provider reimbursement, the Texas Health and Human Services Commission (HHSC) will establish reimbursement rates for nondiscretionary items or services, to include: new Healthcare Common Procedure Coding System Updates, federally mandated reimbursement rates, and/or physician-administered drugs or biological products.

For new Healthcare Common Procedure Coding System Updates, reimbursement will be established based on:
1. the Medicare RVU multiplied by the state defined conversion factor(s);
2. in the absence of a Medicare RVU, a percentage of the Medicare fee;
3. in the absence of the Medicare fee, the established Medicaid rate for a similar service;
4. in the absence of the established Medicaid rate for a similar service, the Medicaid rate for other states; or
5. in the absence of the Medicaid rates for other states, a percentage of commercial payor rates.

For physician-administered drugs or biological products, reimbursement will be established based on:
1. a percentage of the published Medicare reimbursement rate;
2. in the absence of a Medicare reimbursement rate, a percentage of the average wholesale price (AWP),
3. in the absence of AWP, a percentage of the Manufacturer’s Suggested Retail Price (MSRP),
4. in the absence of MSRP, the established Medicaid rate for a similar service, or
5. in the absence of a Medicaid rate for a similar service, the Medicaid rate for other states.

For federally mandated reimbursement rates, reimbursement will be established based on the federally mandated rate.
1. Physicians and Other Practitioners (continued)

(f) When a procedure code is nationally discontinued, a replacement procedure code is nationally assigned for the discontinued procedure code, and Medicaid implements the replacement procedure code, a state plan amendment will not be submitted since the fee for the service has not changed.

(g) All fee schedules are available through the agency’s website, as outlined on Attachment 4.19-B, page 1.

(h) The agency’s fee schedule was revised with new fees for services provided by physicians and other practitioners affiliated with tuberculosis clinics or employed by tuberculosis clinics, effective July 1, 2018, and this fee schedule was posted on the agency’s website on July 6, 2018.

(i) The agency’s fee schedule was revised with new fees for therapy assistants. Effective September 1, 2019, the reimbursement for therapy assistants will equal 80 percent of the payment to a therapist.

(j) The agency’s fee schedule was revised with new fees to include peer specialists effective January 1, 2019, and this fee schedule was posted on the agency’s website on January 7, 2019.

(l) The agency’s fee schedule was revised with new fees for physicians and other practitioners effective April 1, 2020, and this fee schedule was posted on the agency’s website on April 15, 2020.
