About This Guide

This guide provides a summary of the various state-funded crisis services and the organizations that can help connect individuals to those resources.

Local Mental Health Authorities/Local Behavioral Health Authorities

Every county in Texas is served by a designated Local Mental Health Authority (LMHA) or Local Behavioral Health Authority (LBHA). LMHA/LBHA staff help individuals understand the treatment options to address the challenges associated with their mental illness or substance use disorders and ultimately achieve recovery. LMHAs/LBHAs provide a wide array of services and supports and connects individuals with resources unique to their community.

Local Intellectual and Developmental Disability Authorities (LIDDAs)

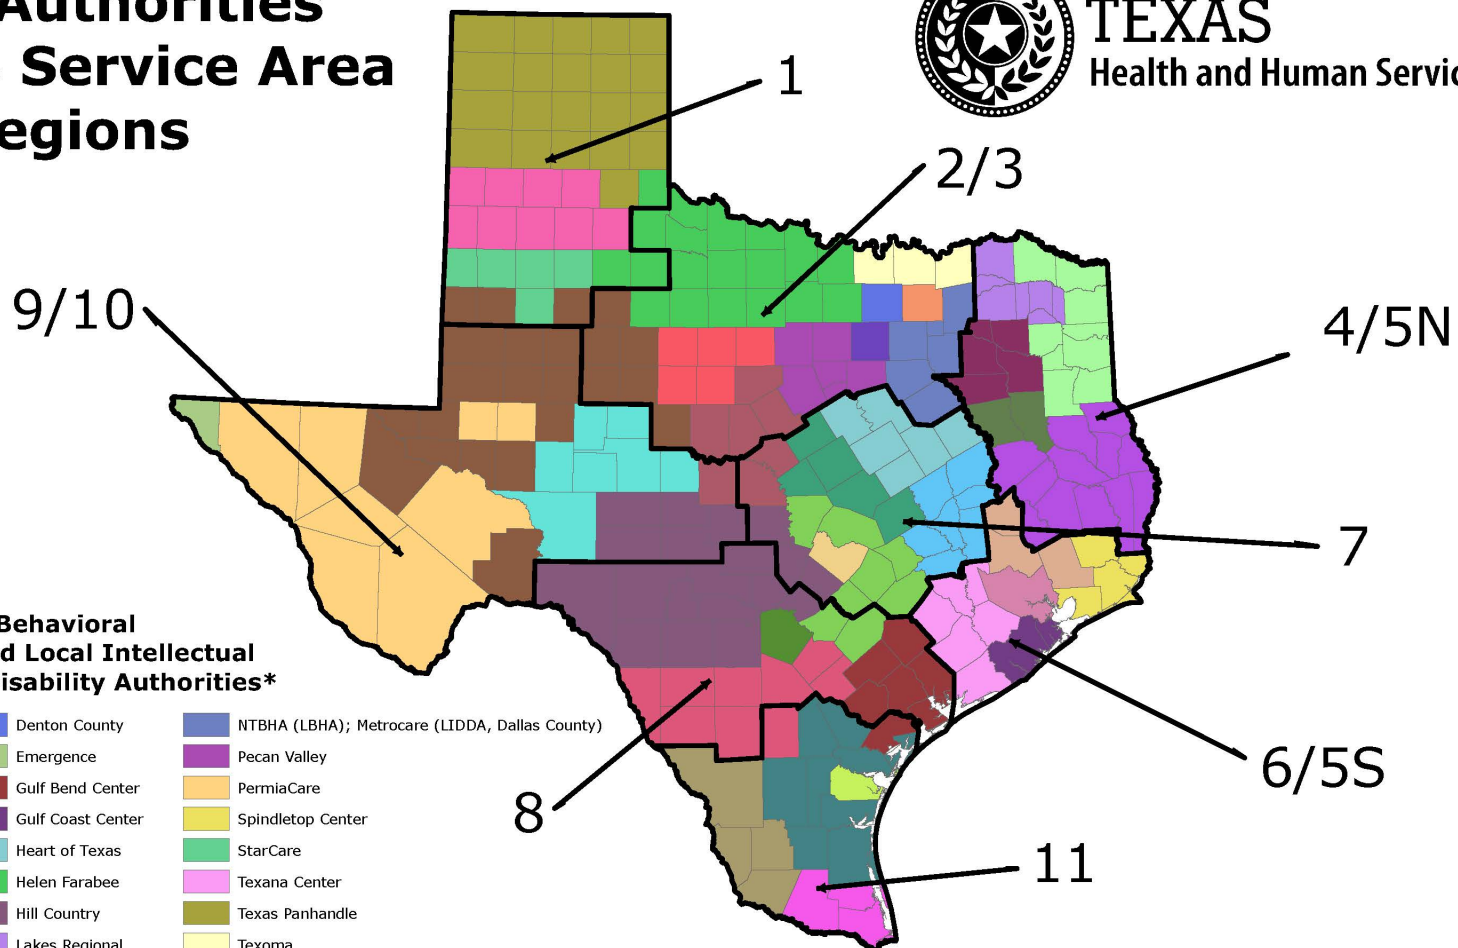

LIDDAs provide planning, policy development, coordination, resource allocation, resource development, and oversight of community intellectual and developmental disability (IDD) services for individuals with IDD throughout the state of Texas.

A map of the local authorities and the Health and Human Services regions is provided on the following page. A list of the LMHA/LBHAs in Texas and the counties they serve may be found in Appendix A. A list of the LIDDAs in Texas may be found in Appendix B.

Local Authorities and HHS Service Area Regions

TEXAS
Health and Human Services

Local Mental Health/Behavioral Health Authorities and Local Intellectual and Developmental Disability Authorities*

Health Service Region	Denton County	NTBHA (LBHA); Metrocare (LIDDA, Dallas County)
ACCESS	Emergence	Pecan Valley
Andrews Center	Gulf Bend Center	PermianCare
Integral Care	Gulf Coast Center	Spindletop Center
Betty Hardwick	Heart of Texas	StarCare
Bluebonnet Trails	Helen Farabee	Texana Center
Border Region	Hill Country	Texas Panhandle
Burke Center	Lakes Regional	Texoma
Camino Real	LifePath Systems	Center for Health Care Services (LMHA); Alamo Area Council of Governments (LIDDA)
Center for Life Resources	MHMR Brazos Valley	Tri-County Services
Central Counties	MHMR Concho Valley	Tropical Texas
Central Plains	MHMR Harris County	West Texas Centers
Coastal Plains	MHMR Nueces County	
Community Healthcare	MHMR Tarrant County

Types of Services Available at LMHAs/LBHAs

Available Services

Crisis services are available 24 hours/7 days a week (24/7) and include prompt face-to-face crisis assessment, crisis intervention services, and crisis follow-up and relapse prevention services. LMHAs/LBHAs operate an array of crisis programs consisting of crisis hotlines, mobile crisis outreach teams (MCOTs), mental health deputies (MHDs), various types of crisis facilities, and inpatient psychiatric beds.

Crisis Services

Crisis Hotline: The Crisis Hotline is a 24/7 telephone service operated by trained crisis staff providing crisis screening and assessment, crisis intervention services, mental health and substance use referrals, and general mental health and substance use information to the community. The crisis hotline is an integrated component of the overall crisis service delivery system and is accessible toll-free throughout each LMHA/LBHA service area.

MCOTs: MCOT services provide a combination of crisis services including emergent care (response within one hour), urgent care (response within eight hours), crisis follow-up, and relapse prevention to children, adolescents, or adults in the community 24/7. A team is comprised of two or more staff providing psychiatric emergency care that go into the community to begin the process of assessment and provide recommendations for the least restrictive treatment environment. MCOT responds to calls in the community and collaborates closely with community partners, such as law enforcement and local emergency departments to ensure behavioral healthcare needs are appropriately addressed.

MHDs: A number of LMHAs subcontract with local sheriffs' departments to deploy a certified MHD to address individuals in crisis. An MHD is an officer specially trained in crisis intervention who works collaboratively with the community and the LMHA's crisis response teams. MHDs help improve the crisis response system by diverting individuals in need of behavioral health

crisis services from hospitals and jails to community-based alternatives providing effective behavioral health treatment.

Non-traditional Crisis Programs: The Health and Human Services Commissioner (HHSC) also funds non-traditional crisis programs, including continuity of care, inpatient substance use and detox treatment, a mental health docket, a crisis intervention response team, and substance use treatment within a crisis residential facility. Examples include:

- **Continuity of Care:** The Continuity of Care program at Burke Center is provided by local hospitals, state hospitals, mental health emergency center, and the MCOT for individuals at a higher level of risk for readmission during the first 30 days of discharge.
- **Substance Use Treatment within a Crisis Residential Facility:** Helen Farabee Centers and the Texana Center offer substance use treatment within a crisis residential facility. These programs provide an intensive day program focused on substance use treatment for those patients with a co-occurring psychiatric and substance use disorder in an effort to divert individuals from the criminal justice system.
- **Mental Health Docket:** The Mental Health Docket program at Texas Panhandle MHMR serves individuals with a serious mental illness who have frequent interaction with the criminal justice system.
- **Crisis Intervention Response Team:** The Crisis Intervention Response Team program at Tri-County Behavioral Healthcare assists law enforcement officers with behavioral health calls, evaluates individuals in behavioral health crises in their natural environment, and makes appropriate referrals for mental health services, thereby reducing the numbers of individuals that inappropriately end up in the jails or emergency rooms.

Crisis Facilities

Several LMHAs operate crisis facilities funded by HHSC through the Psychiatric Emergency Service Center (PESC) contract. Crisis facilities may be staffed with mental health professionals, medical professionals, or others

(such as peer providers) offering assessment, support, and services to achieve psychiatric stabilization to individuals with behavioral health needs.

There are four types of HHSC-funded crisis facilities:

1. **Crisis Respite:** Crisis respite provides short-term, community-based crisis care for individuals who pose a low risk of harm to themselves or others and may have some functional impairment that necessitates direct supervision and care, but who do not require hospitalization. This is the least intensive, facility-based crisis option.

Services may be provided for a few hours or a few days. Many individuals served in these programs have experienced an event causing significant distress, are having housing challenges, or have loved ones/caretakers who are seeking temporary support or supervision for the individual. Facility-based crisis respite services have trained staff on-site 24/7. Some crisis respites are run by peers (individuals with at least one cumulative year of receiving mental health community services). HHSC allocates funds to 14 LMHAs to operate crisis respite units.

2. **Crisis Residential:** Crisis residential provides up to 14 days of short-term, community-based residential, crisis treatment to individuals who have a severe impairment in their ability to function, demonstrate a psychiatric crisis that cannot be stabilized in a less intensive setting, and may pose a risk of harm to themselves or others. This is a more intensive, facility-based crisis option with trained staff on-site 24/7. HHSC allocates funds to seven LMHAs to operate crisis residential units.
3. **Extended Observation Units (EOUs):** EOUs provide emergency services for up to 48 hours to individuals in psychiatric crisis. Services are provided in a secure, protected, clinically staffed, psychiatrically-supervised environment with immediate access to urgent or emergent medical and psychiatric evaluation and treatment. Individuals seeking treatment in an EOU may pose a moderate to high risk of harm to themselves or others. Prior to the end of the 48-hour period, a determination is made regarding whether the individual has stabilized or requires a psychiatric hospitalization. HHSC allocates PESC funds to seven LMHAs to operate EOUs.

4. **Crisis Stabilization Units (CSUs):** CSUs provide short-term, residential treatment designed to reduce acute symptoms of mental illness in a secure and protected, clinically staffed and psychiatrically supervised treatment environment. Although it is slightly less intensive than a full psychiatric hospitalization, this is one of the most intensive facility-based crisis options. CSUs are the only facility type in the crisis array that requires licensure in accordance with the Texas Administrative Code, Chapter 411, Subchapter M. HHSC allocates PESC funds to three LMHAs to operate CSUs.

Inpatient Psychiatric Beds

HHSC provides funding to LMHAs/LBHAs to provide inpatient psychiatric services to individuals with acute symptoms in need of inpatient psychiatric treatment and stabilization. These services treat individuals on a voluntary admission, civil commitment, or forensic commitment. Civil commitments are for individuals receiving court-ordered treatment. Forensic commitments are for individuals adjudicated incompetent to stand trial pursuant to Texas Code of Criminal Procedure, Chapter 46B relating to Incompetency to Stand Trial.

Community Mental Health Hospitals: HHSC contracts inpatient beds at three facilities:

- Sunrise Canyon
- Harris County Psychiatric Center
- St. Joseph Hospital.

Private Psychiatric Hospital Beds: HHSC contracts private psychiatric beds across the state.

Rapid Crisis Stabilization Beds: Rapid crisis stabilization beds provide brief stays in licensed psychiatric hospitals to relieve acute symptoms and restore an individual's ability to function in a less restrictive setting. These beds are available through 21 LMHAs/LBHAs.

Service Type by LMHA/LBHA

Crisis Hotlines and MCOTs are available across the state and cover 254 counties in Texas. Table 1 shows facility type and counties served by LMHA/LBHA in alphabetical order. Community Mental Health Hospitals, Private Psychiatric Beds, and Rapid Crisis Stabilization Beds are for civil and voluntary treatment unless indicated otherwise.

Table 1. List of LMHA/LBHAs, Facility Type and Counties Served

LMHA/LBHA	Facility Type	Counties Served
1. ACCESS	Private Psychiatric Beds (Forensic and Civil)	Anderson and Cherokee
2. Andrews Center	Crisis Respite Unit; Private Psychiatric Beds	Henderson, Rains, Smith, Van Zandt and Wood
3. Betty Hardwick Center	Rapid Crisis Stabilization Beds; Private Psychiatric Beds	Callahan, Jones, Shackelford, Stephens and Taylor
4. Bluebonnet Trails Community Services	Extended Observation Units; Crisis Respite Unit; Private Psychiatric Beds	Bastrop, Burnet, Caldwell, Fayette, Gonzales, Guadalupe, Lee and Williamson
5. Border Region	Crisis Stabilization Unit; Private Psychiatric Beds	Webb, Jim Hogg, Starr, and Zapata
6. Burke Center	Extended Observation Unit; Crisis Residential Unit; Private Psychiatric Beds	Angelina, Houston, Jasper, Nacogdoches, Newton, Polk, Sabine, San Augustine, San Jacinto, Shelby, Trinity and Tyler

LMHA/LBHA	Facility Type	Counties Served
7. Camino Real Community Services	Crisis Residential Unit; Rapid Crisis Stabilization Beds; Private Psychiatric Beds	Atascosa, Dimmit, Frio, Karnes, La Salle, Maverick, McMullen, Wilson and Zavala
8. Center for Health Care Services	Extended Observation Unit; Private Psychiatric Beds	Bexar
9. Center for Life Resources	Crisis Respite Unit; Private Psychiatric Beds	Brown, Coleman, Comanche, Eastland, McCulloch, Mills and San Saba
10. Central Counties Services	Private Psychiatric Beds	Bell, Coryell, Hamilton, Lampasas, and Milam
11. Central Plains Center	Crisis Respite Unit; Rapid Crisis Stabilization Beds; Mental Health Deputy	Bailey, Briscoe, Castro, Floyd, Hale, Lamb, Motley, Parmer and Swisher
12. Coastal Plains Community Center	Rapid Crisis Stabilization Beds; Private Psychiatric Beds	Aransas, Bee, Brooks, Duval, Jim Wells, Kenedy, Kleberg, Life Oak, and San Patricio
13. Community Healthcare	Extended Observation Unit; Crisis Residential Unit; Private Psychiatric Beds; Rapid Crisis Stabilization Beds	Bowie, Cass, Gregg, Harrison, Marion, Panola, Red River, Rusk and Upshur
14. Denton County MHMR Center	Private Psychiatric Beds	Denton

LMHA/LBHA	Facility Type	Counties Served
15. Emergence Health Network	Crisis Residential Unit; Extended Observation Unit; Rapid Crisis Stabilization Beds; Private Psychiatric Beds	El Paso
16. Gulf Bend Center	Rapid Crisis Stabilization Beds; Private Psychiatric Beds; Mental Health Deputy	Calhoun, DeWitt, Goliad, Jackson, Lavaca, Refugio and Victoria
17. Gulf Coast Center	Community Mental Health Hospital; Private Psychiatric Beds	Brazoria and Galveston
18. Heart of Texas Region MHMR Center	Extended Observation Unit; Crisis Respite Unit; Crisis Residential Unit; Private Psychiatric Beds; Mental Health Deputy	Bosque, Falls, Freestone, Hill, Limestone and McLennan
19. Helen Farabee Centers	Crisis Respite Unit; Rapid Crisis Stabilization Beds	Archer, Baylor, Childress, Clay, Cottle, Dickens, Foard, Hardeman, Haskell, Jack, King, Knox, Montague, Stonewall, Throckmorton, Wichita, Wilbarger, Wise and Young
20. Hill Country Mental Health and Developmental Disabilities Centers	Crisis Stabilization Unit; Rapid Crisis Stabilization Beds; Private Psychiatric Beds; Mental Health Deputy	Bandera, Blanco, Comal, Edwards, Gillespie, Hays, Kendall, Kerr, Kimble, Kinney, Llano, Mason, Medina, Menard, Real, Schleicher, Sutton, Uvalde and Val Verde

LMHA/LBHA	Facility Type	Counties Served
21. Integral Care	Crisis Respite Unit; Rapid Crisis Stabilization Beds; Private Psychiatric Beds	Travis
22. Lakes Regional Community Center	Private Psychiatric Beds	Camp, Delta, Franklin, Hopkins, Lamar, Morris and Titus
23. Lifepath Systems	Rapid Crisis Stabilization Beds; Private Psychiatric Beds	Collin
24. MHMR of Authority of Brazos Valley	Rapid Crisis Stabilization Beds; Private Psychiatric Beds	Brazos, Burleson, Grimes, Leon, Madison, Robertson, and Washington
25. MHMR of Tarrant County	Crisis Respite Unit; Adolescent Crisis Respite Unit; Crisis Residential Unit; Private Psychiatric Beds	Tarrant
26. MHMR Services for the Concho Valley	Crisis Respite Unit; Mental Health Deputy; Rapid Crisis Stabilization Beds; Private Psychiatric Beds	Coke, Concho, Crockett, Irion, Reagan, Sterling and Tom Green
27. North Texas Behavioral Health Authority	Private Psychiatric Beds	Dallas, Ellis, Hunt, Kaufman, Navarro and Rockwall

LMHA/LBHA	Facility Type	Counties Served
28. Nueces Center for Mental Health and Intellectual Disabilities	Crisis Respite Unit; Private Psychiatric Beds	Nueces
29. Pecan Valley Centers for Behavioral and Developmental Healthcare	Rapid Crisis Stabilization Beds; Private Psychiatric Beds; Crisis Respite Unit	Erath, Hood, Johnson, Palo Pinto, Parker, and Somervell
30. PermianCare	Rapid Crisis Stabilization Beds; Mental Health Deputy; Private Psychiatric Beds	Brewster, Culberson, Ector, Hudspeth, Jeff Davis, Midland, Pecos, and Presidio
31. Spindletop Center	Extended Observation unit; Crisis Respite Unit; Crisis Residential Unit; Rapid Crisis Stabilization Beds; Private Psychiatric Beds; Mental Health Deputy	Chambers, Hardin, Jefferson and Orange
32. Starcare Specialty Health System	Community Mental Health Hospital; Private Psychiatric Beds	Lubbock, Lynn, Cochran, Crosby and Hockley
33. Texana Center	Rapid Crisis Stabilization Beds; Private Psychiatric Beds	Austin, Colorado, Fort Bend, Matagorda, Waller, and Wharton

LMHA/LBHA	Facility Type	Counties Served
34. Texas Panhandle Centers	Rapid Crisis Stabilization Beds	Armstrong, Carson, Collingsworth, Dallam, Deaf Smith, Donley, Gray, Hall, Hansford, Hartley, Hemphill, Hutchinson, Lipscomb, Moore, Ochiltree, Oldham, Potter, Randall, Roberts, Sherman, and Wheeler
35. Texoma Community Center	Private Psychiatric Beds	Cooke, Fannin, and Grayson
36. The Harris Center for Mental Health and IDD	Peer Crisis Respite Unit; Private Psychiatric Beds; Community Mental Health Hospital	Harris
37. Tri-County Behavioral Healthcare	Crisis Stabilization Unit; Rapid Crisis Stabilization Beds; Private Psychiatric Beds	Liberty, Montgomery and Walker
38. Tropical Texas Behavioral Health	Rapid Crisis Stabilization Beds; Private Psychiatric Beds	Cameron, Hidalgo, and Willacy
39. West Texas Centers	Crisis Respite Unit; Rapid Crisis Stabilization Beds; Private Psychiatric Beds; Mental Health Deputy	Andrews, Borden, Crane, Dawson, Fisher, Gaines, Garza, Glasscock, Howard, Kent, Loving, Martin, Mitchell, Nolan, Reeves, Runnels, Scurry, Terrell, Terry, Upton, Ward, Winkler and Yoakum

Fiscal Year 2019 Legislative Budget Board Performance Measures

1. Number of persons receiving crisis outpatient services per year funded by general revenue: **97,207**
2. Average general revenue spent per person for crisis outpatient services: **\$441**
3. Number of persons receiving crisis residential services per year funded by general revenue: **24,480**
4. Average general revenue spent per person for crisis residential services: **\$2,336**
5. Average daily cost per occupied mental health community hospital bed: **\$447¹**
6. Average daily number of occupied mental health community hospital bed: **635²**
7. Number of mental health consumers served in mental health community hospitals per year: **14,157³**
8. State mental health hospital and center re-admission rate: **14.55 percent.⁴**
9. Percent receiving crisis services who avoid psychiatric hospitalization: **97.38 percent.**

¹ The average cost is inclusive of community mental health hospital beds, private psychiatric beds, as well as Montgomery County beds, which are overseen by the Health and Specialty Care System.

² The average number is inclusive of community mental health hospital beds, private psychiatric beds, as well as University of Texas at Tyler and Montgomery County beds, which are overseen by the Health and Specialty Care System.

³ The number of individuals served is inclusive of community mental health hospital beds, private psychiatric beds, as well as University of Texas at Tyler and Montgomery County beds, which are overseen by the Health and Specialty Care System.

⁴ Percent of all persons discharged from any HHSC operated or purchased inpatient bed to the community during the fiscal year who are readmitted to any HHSC operated or purchased inpatient bed in the same fiscal year.

Types of Services Available at LIDDAs

LIDDAs utilize the following services to provide crisis prevention and management for individuals with IDD:

Crisis Services

Crisis Intervention Specialist (CIS): The CIS ensures individuals with IDD are receiving necessary services and supports while in crisis. The CIS works with LIDDA staff, law enforcement, Mobile Crisis Outreach Teams (MCOTs), and families to identify individuals in need of crisis assistance and offers prevention strategies, training, and support services. The CIS provides consultation and collaborates with the MCOT and develops criteria for individuals being referred for crisis respite.

Service Coordination: Service coordinators link and assist individuals receiving services through the Texas Home Living, Home and Community-based Services (HCS), General Revenue, and Community First Choice programs with accessing services and supports that enable individuals to prevent or manage crises.

Crisis Respite: Crisis respite is short-term (up to 14 calendar days) respite for individuals with IDD that includes:

- **Out-of-Home Crisis Respite:** Provides therapeutic support in a safe and secure environment with staff on-site providing 24-hour supervision to individuals in crisis that cannot be stabilized in a less intensive setting. Out-of-home crisis respite is provided in settings overseen by the state such as an intermediate care facility for individuals with an intellectual disability or related condition (ICF/IID), an HCS group home, or a Department of State Health Services-authorized crisis respite facility or crisis residential facility; and
- **In-Home Crisis Respite:** Provides therapeutic support to individuals in crisis in their home when it is deemed clinically appropriate for the individual to remain in their natural environment and it is anticipated the crisis can be stabilized within a 72-hour period.

Home & Community-based Services (HCS) Waiver – Diversion Slots

Crisis Diversion and Nursing Facility Diversion Slots

The HCS program is a Medicaid waiver for individuals with IDD who are living in their own home, family home, or in a small group home. There are two types of HCS slots available for individuals who are at imminent risk of leaving the community for a more-restrictive setting: Crisis Diversion and Nursing Facility Diversion.

Both Crisis Diversion and Nursing Facility Diversion slots are accessed through the LIDDA. Each LIDDA has an IDD Diversion Coordinator who answers questions and coordinates all diversion slot requests made to HHSC.

As a part of the slot request, LIDDA staff must be able to show that community resources are not available, including failed attempts to locate community-based services and supports. Community-based services and supports can include a spot in an intermediate care facility for individuals with an intellectual disability or related condition (ICF/IID), LIDDA general revenue-funded services, and for a minor, supports through the local school district.

The number of offers for an HCS Crisis Diversion slot made each month is based on budgetary guidelines, in accordance with the legislative allocation for the biennium.

Outpatient Psychiatric Services

Approximately 38% of individuals with IDD have a co-occurring behavioral health diagnosis. Individuals with co-occurring IDD, mental health conditions, and/or behavior support needs experience numerous transitions in care (i.e. transitions out of the home setting and into inpatient or residential facilities), often resulting from crisis situations that threaten community living arrangements.

HHSC was appropriated \$3 million for the 2020-21 biennium by the 86th Legislature to provide outpatient mental health services for individuals with

IDD. The agency is directed to expend \$1.5 million in each of the two fiscal years.

HHSC used fiscal year (FY) 2020 funds to contract with LIDDAs to establish a learning collaborative to advise HHSC on best practice models of services and associated outcome measures that demonstrate success providing outpatient mental health services for individuals with IDD. The best practice models developed in the Learning Collaborative and accompanying strategies to expand access to outpatient mental health services for individuals with IDD, will inform use of funds in a pilot project for an anticipated additional two to three LIDDAs in FY 2021.

As members of the Learning Collaborative, LIDDAs identified and shared best practices for delivering outpatient mental health services for individuals with IDD. The goals of the collaborative are to identify a best practice model to implement as a pilot project, develop goals and outcome measures for the project, and identify LIDDAs to participate in the project.

Key Deliverables

- Five LIDDAs with contracts participated in the Learning Collaborative;
- HHSC identified and established a pilot project for FY 2021 through the Learning Collaborative that will establish enhanced IDD community outpatient mental health services at two to three LIDDAs to provide behavioral health services for individuals with IDD, preventing crisis situations;
- Crisis Intervention Services (CIS) Reports will measure success of enhanced programs by tracking the decrease in number of occurrences of institutionalizations (State Supported Living Center, state psychiatric hospital, jail); and
- The pilot LIDDAs will track and report the measures and outcomes created by the Learning Collaborative.
