

Approved Human Trafficking Training Courses for Health Care Practitioners

House Bill 2059, 86th Legislature, Regular Session, 2019, requires Health and Human Services (HHS) to approve training courses on human trafficking. This list will be expanded as more courses are approved. If you do not see your profession listed in the Continuing Education Credit/Special Note column, you may take a course for a non-CE certificate of completion. Please check your licensing board’s requirements on whether any HHSC-approved human trafficking course will meet your requirement or if you also need CEs for the course. For course-specific questions please contact the training organization directly. For general questions, please contact human_trafficking@hhs.texas.gov.
