Vendor News Flash

Alternate Formulas Extended Through February 28

Texas WIC will continue allowing alternative brand formulas through **February 28, 2023**. WIC participants are being informed that when Enfamil and Similac Soy Isomil formula is unavailable, they may get alternative options. It is very likely February will be the last month that alternative formula brand options will be available. Be on the lookout for additional communication from Texas WIC about formula.

Please see the previous vendor news flashes about the formula transition from [September 26, 2022](#), [October 18, 2022](#) and [November 17, 2022](#) for more detailed information.

The updated listing below has a new column indicating the date through which each product will be available.

Vendors are strongly encouraged to prioritize ordering the contract brand products to support adequate availability for WIC participants. Therapeutic formula brands like Nutramigen, Alimentum, NeoSure and Enfamil Enfacare are not impacted by the contract and any brand may be issued to a participant's card with a request from their healthcare provider.

Texas WIC is ready to assist our vendor partners. Should you have any questions regarding this Vendor News Flash or any challenges purchasing the supply of contract brand formula, please contact the Vendor Management Unit's Vendor Outreach Branch at WICVendorInfo@hhs.texas.gov or 1-800-252-9629. We will continually assess supply and any updates from Texas WIC will be shared in a timely manner. Find additional WIC vendor resources on our [website](#).
